

"KNOW YOUR AMERICA" SPEAKER—Robert E. Gregg, fourth from left, judge advocate of the Missouri Department of American Legion, is shown on the speaking platform in front of the courthouse where he delivered an address for "Know Your America Week" observance. Others

on the platform are, from left to right: Frank Piper, seventh district Legion commander; Haskell Holman, state auditor; the Rev. Walter Niles, pastor of Wesley Methodist Church; Marjorie Garanson, chairman of the observance for the Business and Professional Women's Club; and Mayor Julian H. Bagby. (Wright photo)

Parade Follows Speaking

Legion Judge Advocate Speaks At 'Know America' Observance

An address by Robert E. Gregg, judge advocate of the American Legion, followed by a parade, highlighted Monday's observance of "Know Your America Week". The speaking was held in front of the courthouse at 3:30 p.m. and the parade was held at 4 p.m.

Gregg took as his subject "Know Your America and the Forces That Would Destroy It," and noted that the purpose of the observance is to "urge citizens to rededicate themselves to preservation of American principles".

In his speech, Gregg said, "A more appropriate season of the year could not have been chosen by the executives of the All American Conference to Combat Communism than the week chosen, for as you know, it is during this particular week that we annually observe throughout this great America of ours Thanksgiving Day!"

Gregg also noted how the pilgrims overcame hardships and the tyranny of the English to establish an independent nation.

The Rev. Walter D. Niles, pastor of the Wesley Methodist Church gave the invocation, and words of welcome were given by Mayor Julian H. Bagby. The speaker was introduced by Haskell Holman, state auditor.

Marjorie Garanson is chairman of the "Know Your America Week" which is sponsored by the

Business and Professional Women's Club in Sedalia.

Frank Piper, district Legion Commander, made arrangements for the speaker.

The parade which followed the speaking was made up mostly of cars decorated with slogans appropriate to the observance.

Following is the lineup of the parade:

Chief of Police, The Color Guard, Mayor, American Legion Post 16, American Legion Post 16 Auxiliary, American Legion Post 98, American Legion Post 98 Auxiliary, Business and Professional Women's Club, D.A.R., Hubbard Band, North Side Citizens Association, V.F.W. Post 2508, V.F.W. Post 2508 Auxiliary, Chamber of Commerce, Federated Shop Crafts, Askew Motor Co., Broadway School, United Garment Workers, Rotary Club, American Business Women, Beta Sigma Phi City Council, Daughters of Isabella, Bryant Motor Co.,

Horace Mann School, Kiwanis, Freedom Circle, Xi Omega, Beta Sigma Phi, J. C. Penney, Tullis-Hall.

Girl Scouts, Boy Scouts, Levi and Lane Square Dance, Elks Auxiliary, Helen G. Steele Music Club, O'Connor Motor Co., Mark Twain School, Lions Club, Pettis County 4-H Council, Gold Lumber Co.

Dan Doty, Cecil's, Sorosis, Phi Phi Chapter, Beta Sigma Phi, Cal Rodgers, Jaycee-Ettes, Moose, Gillespie Funeral Home, L & G Electric, Home Lumber Co.

Routzong Motor Co., Washington School, KSIS, Missouri Public Service, Kenzie Miller, Jenkins, Greer Motor Co., Whittier School, Town & Country, Sacred Heart, Future Nurses Club, W. A. Smith, Sedalia Council of Garden Clubs, AAUW, E. W. Thompson, Stevenson Tractor, Smith-Cotton Band, Whiteman, Civil Air Patrol, State Fair Saddle Club, Western Horsemen.

Other Rules to Stand

Says Taxpayers Can Ignore Expense Account Regulation

WASHINGTON (AP)—Switching signals again, the Internal Revenue Service now says taxpayers may ignore the line on their 1957 income tax returns which calls for their business expense accounts.

But the announcement yesterday by Commissioner Russell C. Harrington emphasized that the decision "does not change the long-standing rules which the revenue service has been following with respect to substantiation of deductions when a taxpayer's return is audited."

The law has required since 1921 that the money an employee draws on his expense account be listed as income. He then is allowed to deduct his actual expenses. But the law has been regularly ignored, especially by small taxpayers whose reimbursement only equaled their expenses.

These expenses and deductions were supposed to have been listed on a separate sheet. Then last month the service disclosed that the 1957 forms—which taxpayers

will get early next year—call for the totals on the returns themselves. This was done to make it easier to check on big expense accounts in which there may be some tax fraud, but the law made it applicable to expenses of any amount.

Harrington said the decision to ignore the change in the tax form for 1957 was made because the addition of the new line was not made public until after 10 months of the tax year had already gone by. Thus, he said, it had a retroactive effect.

"Taxpayers have emphasized to the service that most employees who receive reimbursements for expenses file bills and receipts with their employers and do not retain copies," he added. "To attempt now to secure data would place too great a burden on many taxpayers."

Harrington said, "Employees will treat travel, reimbursed expenses, etc. for 1957 as they have in the past."

Kansas City Star Contracts to Sell Radio, TV Station

KANSAS CITY (AP)—The Kansas City Star has contracted to sell its radio and television stations, WDAF and WDAF-TV, to National Theaters, Inc. for \$7,600,000.

The transfer still must be approved by the Federal Communications Commission.

The sale will put the Star in compliance with a federal court order issued Nov. 15 requiring it to divest itself of its broadcasting interests.

The newspaper and its advertising director, Emil Sees, were convicted under the antitrust laws in February 1955 on charges of monopolizing and attempting to monopolize the dissemination of news and advertising in the Kansas City area.

The government also filed a civil action along with the criminal prosecution and it was settled by the consent decree of Nov. 15 which provided for sale of the broadcasting stations.

The sale agreement was announced last night by the Star and Elmer C. Rhoden, Kansas City businessman who is president of National Theaters.

Identify Body As Man Lost In City Fire

Find Coat Believed To Be Allen Glore's In Building Ruins

KANSAS CITY (AP)—A man's body was found today in fire ruins and friends said they were certain it was that of Allen O. Glore, a businessman.

Glore, a co-owner of a printing firm, disappeared Saturday night when a fire and explosion destroyed two buildings at Eighth St. and Grand Avenue.

H. Radway Matz II, a friend of Glore, had an office in the building where the printing firm was located. He said he was sure the body was Glore's and that he had been with Glore until shortly before the fire.

In the rubble near the body a dark green tweed coat with a small Shrine pin on the lapel was found. Friends said the coat was Glore's.

The body was extensively burned, and John Coyne, deputy coroner, said dentures would be checked for more positive identification.

The explosion remained unexplained. City officials continued their investigation.

Fire Chief Edgar M. Grass said today of the explosion and fire: "It's rapid combustion and ignition overall certainly had to have some help. What it is or where it is, we don't know yet."

Fred Dennis of the police arson squad has discounted arson as a possible factor in the case.

Metz said Glore cashed a check for him Saturday night. Firemen found \$150 in currency, unburned, near the body.

Glore had gone to his office Saturday night to change from a Shrine uniform he had worn to the Shrine circus.

Glore, who was 59, was born in Chillicothe, had lived here about 15 years and was active in club groups and civic affairs. Glore formerly was a lieutenant governor for the Missouri-Kansas-Arkansas division of Kiwanis International.

More Mild Weather Seen for Missouri

KANSAS CITY (AP)—A spell of mild weather in Missouri is expected to last through tomorrow at least.

The Weather Bureau said it will be fair today and tonight and increasingly cloudy tomorrow.

Only a few points reported freezing weather last night. Tonight's low will range from 35-40 in the northeast to the mid 40s in the southwest. The forecast said tomorrow's maximum temperatures will be near 50 in the extreme northeast to the mid 60s in the southwest.

No Respite

You'd think Spring were here if they didn't keep reminding you how few shopping days there are left before Christmas.

Generally fair tonight; increasing cloudiness and cooler Wednesday; low tonight near 40; high Wednesday in upper 50s.

The temperature at 7 a.m. was 37, 65 at 1 p.m. and 66 at 2 p.m. Low Monday night 35.

The temperature one year ago today, high 58, low 20; two years ago, high 36, low 27; and three years ago, high 51, low 25.

Stage at Lake of the Ozarks 58.1 fall 1.

Ike Suffers Slight Clotting Of Cerebral Artery Branch

US Secretary Of State Sits In For Ike

Ruler of Morocco, His Party Arrive Early in Morning

WASHINGTON (AP)—King Mohammed V of Morocco conferred at the White House today with Secretary of State Dulles, who was sitting in for the ailing President Eisenhower.

The Moroccan ruler and his party arrived shortly after 9 a.m., the scheduled time of his original appointment with the President.

A number of U.S. and Moroccan officials took part.

Dulles moved in as a last-minute replacement after an illness the White House described as "a chill" caused Eisenhower's doctors to order him to bed late yesterday.

In a dinner toast last night, Vice President Nixon lauded the 48-year-old Moroccan ruler as "a great statesman" for his efforts to turn his nation into a bridge between the Arab countries and Europe.

On behalf of Eisenhower, Nixon presented the Legion of Merit to the Moroccan King and read Eisenhower's citation, which said of Mohammed: "No friend of the United States has shown himself more dedicated to the perpetuation of peace, and more perceptive of the necessity of safeguarding the ideals of all peaceful nations."

The King responded that his state visits and conferences "will further strengthen confidence and respect between our two peoples and open the way to a close and fruitful cooperation."

The Mohammed-Dulles talks seemed likely to focus mainly on three issues—the future of five American military bases in Morocco, the amount of American aid and the King's hopes of ending the battle between French forces and Algerian rebels.

Top American authorities were reported confident that during his three-day stay the King would give solid assurances of continuing long-term leases on the U. S. bases originally negotiated with France in 1950.

In return, Mohammed was expected to press for stepped-up American economic aid, and possibly military assistance, to back up the help the French government has pledged for his newly independent land.

Predict First Sputnik Rocket Will Plunge To Death Next Sunday

CAMBRIDGE, Mass. (AP)—The final-stage rocket that launched Sputnik I, history's first man-made satellite may make a flaming plunge to its death next Sunday, Dr. Fred L. Whipple director of the Smithsonian Astrophysical Observatory, said today.

Dr. Whipple said Sunday is the most likely day, although it may be a day earlier or a day later.

The calculations were based on new moonwatch sightings reported last night and the day before from more than 65 stations in the United States. The new calculation advances the expected day for the death of the Russian rocket by more than a week. The observatory had originally estimated it be within the period of three days either side of Dec. 11.

Dr. Whipple said the rocket should burst into flames when it hits the denser atmosphere about 35 to 40 miles above the earth and will make a spectacular sight if the final plunge comes at night.

Mother of Three Shoots Husband

KANSAS CITY (AP)—The mother of three children fatally shot her husband early today in the apartment of an 18-year-old woman, Detective Arthur Jenkins said.

Dead was William B. Gray, 27. He was hit in the chest by one of six bullets which the detective said Mrs. Janis Gray, 25, fired.

Jenkins said Mrs. Gray signed a statement admitting the shooting and that Miss Frances Taylor, 18, who occupied the apartment, said Mrs. Gray also shot at her.

To Borrow Red Money

CAIRO (AP)—The Egyptian Parliament has given unanimous approval to plans to borrow 179 million dollars from Russia for industrialization.

GREETING A KING—President Eisenhower greets King Mohammed V of Morocco as the latter arrives in Washington to start a three-week tour of the United States. In his first visit to this country, the King will attempt to iron out some political problems while seeing the nation and its people. (NEA Telephone)

Agree on One Point

Macmillan, French Premier End Talks Over Dispute

PARIS (AP)—British Prime Minister Macmillan and French Premier Felix Gaillard ended their two days of talks today but apparently did not succeed in smoothing over completely the basic differences that brought them together.

The two leaders were anxious to remove a thorn in the NATO Alliance—the British-American supply of small arms to Tunisia which the French fear will wind up in the hands of Algerian rebels.

A communiqué said the two premiers agreed "that responsibility for a solution of the Algerian question lies with France."

But a spokesman said this did not mean Britain would not deliver any more arms to Tunisia.

The communiqué by recording the premiers' conviction that "France should continue to discharge her special responsibilities in North Africa where she has traditionally a leading position" was placating to this country.

A spokesman added that no special new machinery had been set up for consultation.

The communiqué announced that the two ministers also agreed there should be a more precise definition of interdependence and solidarity among the NATO allies "in accordance with the spirit of equality" at the NATO summit meeting here in mid-December.

This was a reference to French fears that plans for pooling resources and knowledge to meet the threat of Soviet missiles and satellites and give to Britain and the United States predominance in nuclear power and assign inferior roles to the other members.

Standing with Gaillard in the Hotel Matignon, where the talks ended, he told newsmen: "I think we have made great progress. But of course there are a number of problems for the future."

Both were almost stony faced. Macmillan made his statement in French and refused to repeat it in English.

Gaillard is to make a report on the talks later to the National Assembly.

At the top of the list of touchy

topics they discussed was the recent shipment of British and U.S. arms to Tunisia over angry French protests. The protests exploded yesterday in demonstrations near the U.S. Embassy by about 300 youths. Police broke up the group without trouble.

French anger at the arms shipments—because they fear the guns will be used by Algerian rebels—again turned attention to the three-year-old rebellion in North Africa.

Sheriff Drops Plea for Court Injunction

ST. LOUIS (AP)—Sheriff Orion J. Litzinger of St. Louis County today dropped his plea for an injunction against high-ranking Missouri and St. Louis County officials.

Litzinger, under investigation in the return of bail jumpers to county jurisdiction, filed an amended petition in Circuit Court at Clayton asking only for a declaratory judgment to clarify the sheriff's status when returning bail jumpers.

In his original suit, the sheriff asked that Gov. James T. Blair, Missouri Atty. Gen. John M. Dalton, St. Louis County Prosecuting Attorney Edward W. Garholz, and bondsman Roy T. Graham be enjoined from "threatening him in newspapers, over television and radio, and from making statements to him and about him."

Litzinger's attorney, Hale W. Brown, said the plea for an injunction was dropped because it was "secondary to the primary purpose of the suit."

Litzinger wants the court to determine whether he is acting only as the governor's agent when bringing back a bail jumper under extradition proceedings.

The petition filed today contends that the sheriff's actions as governor's agent have no connection with the sheriff's office.

Brown said that one allegation made in the original case—that the sheriff had lost prestige with his employees—was no longer a part of the case.

Technicians Believe Poised for Attempt To Launch Missile

MISSILE TEST CENTER, CAPE CANAVERAL, Fla. (AP)—Technicians were believed poised today for a third try at sending the Atlas intercontinental ballistic missile soaring through a successful test southeast over the Atlantic.

Newsmen alerted to the possible test today were advised by an unidentified informant that the giant 5,000-mile rocket might not go until later in the week.

When asked if the Atlas would be fired today, the source said, "I would keep my eyes open."

Unofficial reports stated that technicians put the 90-foot rocket through a static test yesterday, keying the mechanism for its flight.

The Atlas has been fired twice from this secret base on the northeast Florida coast and both tests apparently ended in failure.

Ike Remains Ailed After Taking Chill

Medical Statement About His Condition Made By Physicians

BULLETIN

WASHINGTON (AP)—President Eisenhower's doctors announced today he has suffered a clotting of "a small branch of the middle cerebral artery."

The White House called it "a form of heart attack."

In response to questions at a news conference, Associate press secretary Anne Wheaton said the President's chief physician had told her:

"Up to this moment we do not describe it as a slight stroke."

Mrs. Wheaton said the doctors do not know at this point whether Eisenhower actually suffered a stroke.

WASHINGTON (AP)—The White House said today President Eisenhower is "progressing very well" but deferred until later a medical statement on his condition.

Eisenhower was ordered to bed yesterday after suffering what the White House called a "chill" shortly after he welcomed King Mohammed V of Morocco at the Washington airport.

Acting White House press secretary Anne Wheaton announced at 8:55 a.m. today:

"Later in the morning there will be a medical statement on the condition of the President."

"He is resting comfortably, had a good breakfast and is progressing very well."

Mrs. Wheaton declined to say why the medical statement was held up. She also refused to elaborate in any other way on her announcement, beyond saying in answer to a question that all the President's appointments for today had been canceled.

Eisenhower was to have made a nationwide television-radio address on international cooperation at Cleveland tonight. That trip was called off too.

Eisenhower was to have conferred with Mohammed at 9 a.m. today.

After greeting the King at the chilly airport, Eisenhower had ridden with him in a downtown parade. He returned to his desk but quit work shortly afterward.

The doctors' orders kept Eisenhower from attending a White House dinner last night for the King. Vice President Nixon substituted for him. A scheduled Eisenhower conference with the King today was canceled.

While the dinner was going on, associate press secretary Anne Wheaton told a news conference the President had no fever—then or earlier. She said further that his pulse and respiration were normal and that he was sleeping "quietly and comfortably" under what she termed mild sedation.

Word of the 67-year-old President's latest illness brought questions from newsmen as to whether he might be developing the flu. "I stand by my statement that he has had a chill," Mrs. Wheaton replied.

Eisenhower was inoculated against Asian flu last Aug. 26. He had a head-to-toe physical check-up Nov. 10-11 and his doctors at that time pronounced him in excellent health.

After last night's state dinner at the White House, Nixon—who escorted Mrs. Eisenhower to the affair—said of the President's illness: "It is exactly what the White House has announced—a chill."

Associate White House press secretary Anne Wheaton said at 10:22 a.m. a report of the doctor's findings would be made "as soon as possible"—meaning later today.

French Impose Ban On Travel Thru Oil Areas in Sahara

ALGIERS (AP)—French authorities today imposed a travel ban throughout the oil-rich areas of the Sahara "in order to insure the security of oil exploitations."

The ban applies to reporters who previously could easily visit the growing oil installations. French authorities said the ban was enacted to prevent vital information from leaking to Algerian rebels who have been active around the area for several weeks.

Hope for US Satellite In One Week

WASHINGTON (AP)—Navy scientists hope to launch the first U.S. test satellite a week from tomorrow—just two months after Russia's pioneer Sputnik was fired into distant space.

A source high in the Vanguard satellite project said Dec. 4 has been picked for the attempt to send aloft a six-pound sphere six inches in diameter.

The attempt, he said, will be made about dawn at the U.S. Missile Test Center, Cape Canaveral, Fla. If conditions are not right at that time, the source said, another effort will be made perhaps two days later.

Plans call for one or more launchings of small test spheres in December, with a fully instrumented 21-pound satellite to be fired in March. There has been some talk of a January launching of the fully developed satellite if the test succeeds.

Moscow radio said Russia's Sputnik I, launched Oct. 4, still was going strong. But it said the rocket that carried the satellite aloft, and went into orbit at the same time, is expected to drop to destruction in the dense layers of the earth's atmosphere during the first 10 days of December.

In London, the British Supply Ministry predicted the rocket will fall this weekend, probably Friday. It said also it expects Sputnik I to come down in mid-January and Sputnik II early in February, but it said these forecasts were less definite.

The rocket is expected to make three passes over the United States both today and tomorrow. The passes are due during the evening twilight, favorable hours for observation.

Post Office to Close On Thanksgiving Day

Thursday, Nov. 28, being a legal holiday, all windows at the Post Office will be closed and there will be no delivery of mail by either city or rural carriers.

The regular holiday collections will be made from street letter boxes and all outgoing mail dispatched.

Special Delivery mail will be delivered as usual.

It Was a Grand Day

HAS BIG TIME—Grandma Potter, (Mrs. Mollie Potter) 102-years-and-a-day-young, is shown with her two daughters, Mrs. Daisy Hildon, 75, on the left, and Mrs. Herbert S. Cox, 60, on the right, during "open house" held Sunday at the home of Mrs. Cox, on Highway 135, north of Highway 50. More than 200 friends and relatives visited her during the afternoon and evening, at which time she received many gifts, bouquets and corsages. (Democrat-Capitol photo)

Khrushchev Warns Against Opposition

MOSCOW (AP)—A month after Russia's top military officer was sacked for resisting Communist party controls, Nikita S. Khrushchev warned the nation's lowest new officers not to buck the party.

The Communist party boss spoke at a reception last night for the graduating class of Moscow's military academies, reviving a custom that lapsed with Stalin's death in 1953.

Like Stalin, Khrushchev used the ceremony to remind the young officers that the party is supreme in Russia. He also called upon them to increase vigilance against "the threat of war whipped up by imperialists."

Khrushchev said Marshal Georgi Zhukov was ousted as defense minister Oct. 26 for opposing political control of the army. "The decision of the Central Committee (to expel Zhukov) aimed at a fundamental improvement of party political work in the armed forces," Khrushchev said.

The party boss declared the party is "leader, organizer, educator and main source of power" of the Soviet armed forces.

Khrushchev repeated recent public statements that Soviet armed forces are equipped "with all types of modern arms, including atomic and rocket techniques" and said Russia has launched an international ballistic missile.

"The international situation demands that we maintain the defense of our country on the highest levels of modern military techniques and science," the party secretary said.

"The policy of the U. S. ruling circles," he charged, "is aimed at undermining peace. So long as imperialism exists, a situation of war may arise."

Millionaire's Tenth Wife Gets Divorce

RENO (AP)—Millionaire Tommy Manville and his 10th wife were divorced yesterday. Then they made a date for Thanksgiving dinner.

Former showgirl Pat Gaston, a tall, 27-year-old blonde, obtained a divorce on grounds of extreme cruelty. She married him only last May.

She wouldn't discuss her financial settlement from the asbestos heir. Previous divorce settlements have cost him 1 1/4 million dollars.

The Thanksgiving date was arranged when Pat telephoned Tommy, now in his 60s, to thank him for the traditional orchids he sends his wives on divorce day.

subordinates in the Teamsters' Detroit headquarters who might be witnesses in rackets investigations.

WAKE UP RARIN' TO GO

Without Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the 16 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

Pettis County Girls Get Nursing Caps

Elinor C. Van Dyke, Smithton, and Betty Rice Rodgers, Sedalia, were among 43 student women who received their nurses' caps at ceremonies held recently at the University of Missouri school of nursing.

Parking meters first were installed in six American cities in 1935. Now they are in operation in more than 1575 U. S. cities.

Finance Firm Gives Money for Colleges And Research Project

As part of its annual program of support for education, the directors of Household Finance Corporation have again authorized distribution of unrestricted gifts totaling \$55,000 to privately supported coeducational and male liberal arts colleges and universities. G. W. Insko, manager of the Household Finance Corporation office at 410 1/2 South Ohio, announced today.

Checks have been sent to all four-year accredited colleges and universities in the states in which Household operates totaling 343 institutions in 32 states. The gifts range in amount from \$50 to \$1,000, based upon fulltime enrollments. Another part of Household Finance Corporation's annual program, Insko stated, provides for research in the consumer credit field. Three fellowships were authorized: one for graduate research leading to a doctor's degree and the other two for research by professors, one of which it is hoped can be in Canada.

Patricia Felton Becomes Bride Of K. Lammers

Miss Patricia M. Felton, the daughter of Mr. and Mrs. Aloysius Felton, Pilot Grove, recently became the bride of Kenneth Lammers, son of Mr. and Mrs. Herman H. Lammers, also of Pilot Grove, at the St. John's Catholic Church in Clear Creek. The Rev. Kevin McGonzie performed the double ring ceremony at nine o'clock in the morning. The altar was flanked with white and bronze chrysanthemums.

Mrs. E. J. Kapine played a program of wedding music and sang "Ave Maria," "O Lord I Am Not Worthy" and "On This Day."

The bride, given in marriage by her father, wore a chapel length gown of white Chantilly lace and nylon net over bridal satin. The fitted bodice was fashioned with a "colloped" neckline with scattered rhinestones and long sleeves that tapered to points over the hands. Points of lace and nylon formed the tiers of the bouffant skirt. A tiara of beaded pearls edged with Chantilly lace held her fingertip veil. She wore a strand of pearls, a gift of the bridegroom, and carried a cascade of white Fuji mums centered with a purple orchid.

Mrs. Leonard McKinzie, Independence, served as her sister's matron of honor. Her gown was of green embroidered net over taffeta. The fitted bodice featured a scalloped neckline and the bouffant skirt fell from a shaded green cummerbund. She wore a matching picture hat and carried a cascade of bronze mums.

The bridesmaid, Mrs. Homer Twenter, sister of the bridegroom, wore a gown identical to the honor attendant's and also carried bronze mums.

Marilyn McKinzie, niece of the bride, and Marjorie Felton, niece of the bridegroom, were flower girls. They wore identical dresses of white nylon with tiered skirts. They carried bouquets of bronze mums.

Fred Lammers, brother of the bridegroom, served as best man and Homer Twenter was groomsmen. Ralph Felton, brother of the bride, and Jerry Schupp, ushered. Mass servers were Danny R. Felton and Kenny Gerke.

The bride's mother chose a navy blue crepe dress, black accessories and a pink mum corsage. Mrs. Jennie Lamm, grandmother of the bride, wore a black dress, matching accessories and corsage of white mums.

A dinner was served at noon at the Rod and Gun Club for the immediate families and friends. A dance was held that evening.

A three tiered wedding cake topped with a miniature bride and groom and flanked with burning tapers in crystal holders centered the bride's table. Mrs. Frank Eckler, Mrs. Robert Gerke, Mrs. Joe Lang, Joan Franklin, Margie Schupp, Della Lammers, Joan Speedy and Juanita Day served.

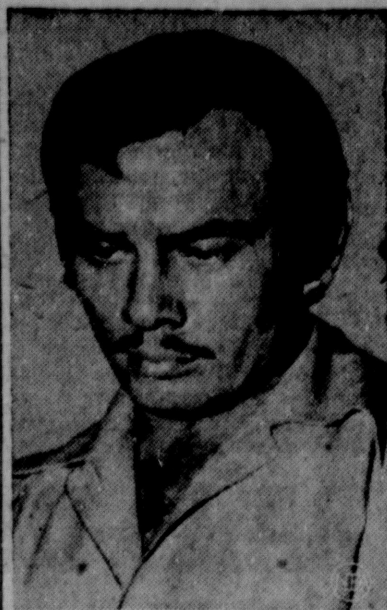

For her going away costume the bride chose a royal blue sheath, black accessories and an orchid corsage.

The bride is a graduate of Pilot Grove High School and is presently employed at the ASC office, Boonville.

The groom, a graduate of Pilot Grove High School, is a Korean veteran and is engaged in farming.

Following a trip through the southern states they will reside in Pilot Grove.

Automobile manufacturers use beeswax for wire insulation, adhesives and lubricants.

GUESS WHO—This brooding gent with the mustache and Napoleonic hairdo is none other than your old friend Yul Brynner. He's made up for his role as the pirate Jean Lafitte in Paramount's forthcoming remake of "The Buccaneer."

Garden Club Meets With Mrs. Klein

Smithton Garden Club held its regular meeting at the home of Mrs. Olin Klein. Guests were Mrs. Loyd Wassen and Mrs. Lawrence Grupe.

Mrs. F. L. Bodenhamer opened the meeting. Mrs. Ben Mahnen was elected president and Mrs. Audrey Neumeyer gave a summary of the regional meeting held in Sedalia. Mrs. Henry Schlotzhauer gave an interesting article on Thanksgiving.

Refreshments were served. The Christmas party will be held at the home of Mrs. Norman Wehmeier.

Honor Out of State Guests With Dinner

A dinner was given Sunday in honor of Mr. and Mrs. I. C. Anderson of Lawton, Okla., at the E. C. Stevens home, Route 2.

Those present were: Mr. and Mrs. Anderson of Oklahoma, Mr. and Mrs. William McCune, Carol and David, Sedalia, Mrs. Esther Cooper, Miss Scarlet Cooper, Kevin Cooper, Mrs. C. L. Moberg, Louis Moberg, Mrs. Jackie Leiter, Sedalia, Mrs. Lillie Arnold, Kansas City, Mr. and Mrs. Victor Stevens, Larry and Donnie, Odesa; George Stevens, Columbia, Mrs. C. O. Goodknight, Mr. and Mrs. Ralph Gates, Chuck Gates, Clinton, Mrs. Mildred Leiter, Miss Virginia Leiter, Miss Joann Leiter and Mr. and Mrs. E. C. Stevens.

Finish Arrangements For Fund Campaign To Build Ike Library

ABILENE, Kan. — Preliminary arrangements have been completed for a nationwide campaign for three million dollars to build an Eisenhower library here in the President's home town.

Gov. George Docking and Harry Darby, former U.S. senator from Kansas, announced construction probably will start next year. The library will be across the street from the present Eisenhower Museum. The house where the Eisenhower family lived when Ike was a boy also is maintained as a national shrine in Abilene.

Docking and Darby, cochairmen of the library commission, announced Benjamin F. Fairless, president of the American Iron and Steel Institute and former president of U.S. Steel, will be chairman of the executive com-

Circles to Send Christmas Box To State School

The Rebekah Circle of Immanuel Evangelical and Reformed Church (United Church of Christ) met at the home of Mrs. Harry Nagel with Mrs. Hubert Smith and Mrs. Roger Hill assisting. Eighteen members and two guests were present. Dr. Leonard Reifel, pastor of the Federated Congregational Christian - Presbyterian Church, presented the program, speaking on the Congregational Christian Fellowship. Miss Lydia Wagner, assisted by Miss Edna Mae Kirchhofer, gave the devotional. During the business, in which Miss Anna Mae Huffman presided, the group decided to send another T.B. and Leper pack. The meeting was held on November 19.

The day circles met on Thursday, Nov. 21 at 1:30 p.m.

The Ruth Circle met at the church with Mrs. Beulah Griessen hostess. Mrs. Marshall Blau, Mrs. Minnie Lierman and Mrs. Rose Hausam served the dessert luncheon in Mrs. Griessen's absence. Mrs. Harold Tomlin gave the devotional and Mrs. Rose Hausam presented the program, "American Dream," written by Peter Marshall. Eleven members were present. Mrs. Floyd Knerl presided over the business meeting.

The group planned to fix a box for the boys at the Missouri Training School and to give a dollar each towards the circle project at Christmas.

The Dorcas Circle met at the home of Mrs. Earl Ekins with Mrs. Orville Perkins serving as hostess. Ten members and two guests were present. Mrs. Richard Gray led in the devotional and Mrs. Elliott Schupp presented the program, "Preachers' Airlift to Honduras" from "The Messenger" magazine. The group appointed Mrs. Opal Kurtz to assemble the box for the boys at the Missouri Training School at Christmas time.

Staple foods were brought by the members for the retired ministers at the Blue Springs Pastors' Home.

The Mary-Martha Circle met at the home of Mrs. William Schwermer with Mrs. Elsie Tuggle assisting. Fifteen members were present. Mrs. Tom Gray Jr. gave the devotional. "Forward Together" and Mrs. Melvin Gulick read "The First Thanksgiving" for the program. Mrs. Schwermer conducted the business session during which the group took up an offering to fill a box for the boys at the Missouri Training School at Boonville for Christmas. The group also decided to purchase a supply of disposable diapers for the church nursery. It was voted that each member give a dollar towards the circle project at Christmas instead of giving gifts. Staple foods were brought by the members for the Blue Springs Retired Pastors' Home. Seven members had completed their reading course for the year.

Horse racing grew popular in England under King Aethelstan more than a century before the reign of William the Conqueror.

Eisenhower's official papers already are being sorted and indexed for installation in the library.

Linda Turner Tells Mark Twain PTA About Germany

Mark Twain PTA members were given a first hand glimpse into the lives of the German Bavarian people at the Nov. 22 meeting. Miss Linda Turner, American Field Service exchange student, who spent six weeks in Bavaria this past summer, reviewed her experiences and showed picture slides of her travels. Listening to her account of life in a foreign land made one feel that the aim of AFS, to create better understanding and help achieve peace in our world, was proving effective. Linda was introduced by Mrs. Walter Schmiedle, program chairman.

Mrs. Tom Gray Jr. gave the devotional, "We Give Thanks." The first and second grade rhythm band, under the direction of Mrs. Jean Luchs, presented three numbers much to the delight of the audience.

Mrs. John VanDyne conducted the meeting. The PTA was represented in the "Know Your America" parade with a decorated car.

Mrs. Theodore Wells, budget and finance chairman, reported a net profit of \$452 from the ice cream social.

The new hi-fi phonograph purchased by the PTA was officially presented to the school. Jack Delph expressed thanks from all the teachers for the recent dinner held in their honor.

A social hour followed the meeting with refreshments provided by the first grade room mothers. The serving table was centered with an attractive arrangement of dried autumn flowers.

Jefferson School PTA met at 7:30 p.m. Friday, Nov. 23 with Mrs. Dick Wasson presiding. Two announcements were made concerning meetings to be held in December. The study class will meet Dec. 13 and exchange gifts and the PTA will meet Dec. 19.

Grade four under the direction of Mrs. Mary Hausam, presented the program with the theme being "Thanksgiving".

Whittier PTA met Friday night at the school. The parents visited the rooms and visited with the teachers preceding the meeting. Movies were shown to the children in the auditorium.

Mrs. Myron Lindquist presided over the meeting and Mrs. L. E. Owens gave the devotional entitled, "It is Right to Know".

WEDNESDAY
Wesleyan Service Guild, Wesleyan Methodist Church, meets at 7:30 p.m. at home of Mrs. Seigel Woodard, 1601 West Tenth.
Daughters of Isabella social meeting at 8 p.m. Knights of Columbus Hall.
Carpenters Auxiliary No. 173 meets at 7:30 p.m. at the Union Hall.

St. Paul's Church To Hold Thanksgiving Service on Thursday

St. Paul's Lutheran Church will conduct its Thanksgiving Day worship service Thursday morning at 10:30 o'clock. The pastor's sermon topic will be "Count Your Blessings." Special music will be furnished by the choir.

Members of the congregation are showing their thankfulness, in a tangible way by bringing clothing for the relief of needy people throughout the world.

Mrs. Charles Edwards reported on the progress of the membership drive. The Parent and Family Life Class will meet Dec. 6 for a covered dish luncheon and gift exchange at the home of Mrs. Lindquist.

Refreshments were served by the hospitality committee.

Brown 'n Serve Holsum Rolls

with thick, golden honey

Hot rolls and honey! Yes ma'm, that's something worth waiting for! But there's no trouble and no need to wait long if you put Holsum Brown 'n Serve Rolls on the table. They're ready to eat in a matter of minutes. Just take them from the package . . . pop them in the oven . . . brown to a delicate turn . . . and serve 'em up piping hot! Light and tender Holsum Brown 'n Serve Rolls add a "company touch" to the plainest family meal. Holsum Brown 'n Serve Rolls are as nutritious as they are delicious. Rich in Vitamin B1, B2, Iron and Niacin, they're a good healthful food that you'll want to serve often.

Perfect only with Holsum

86 PROOF • STAGG DISTILLING COMPANY, FRANKFORT, KENTUCKY

Four-Point Aid Program Is Proposed

KENNETT, Mo. (AP) — The Missouri Cotton Producers Assn. has asked federal and state officials to start a four-point aid program for flood-stricken southeast Missouri.

Hilton L. Bracey, the association's executive vice president, declared yesterday "the disaster is the worst ever experienced in southeast Missouri."

He outlined the proposed aid program this way:

1. Immediate distribution of surplus food.
2. Assistance in financing farm equipment.
3. Financing for 1958 crops.
4. Area rehabilitation designed to add expendable income to maintain existing services and provide needs not touched on by other services.

Gov. James T. Blair late yesterday asked President Eisenhower to designate eight southeastern Missouri counties as disaster areas eligible for flood aid.

Officials met in Kennett yesterday to organize plans for the distribution in the four southeast commodity foods. Distribution is expected to start about Dec. 1.

Welfare officials reported that so far \$331,000 in aid has been distributed in the four southeast Missouri counties of Pemiscot, Scott, Mississippi and Stoddard.

These four counties plus Dunklin, New Madrid and Butler counties were included in the governor's request.

The association estimated crop values in southeast Missouri will total about 74 million dollars, a drop of 61 million dollars from last year because of the series of damaging floods this year.

The MCPA predicted that one third of the area's retail workers will face layoffs or discharges within the next 60 to 90 days.

Police Officers Hunt Explosive Blast Caps; Two Youths Injured

SPOKANE, Wash. (AP) — Sheriff's officers are searching for at least five and perhaps as many as 87 highly explosive blasting caps believed to have fallen into the hands of schoolchildren at Otis Orchards, a Spokane suburb.

The desperate hunt was touched off yesterday after Jerry McConnell, 11, and his 9-year-old brother Timothy were seriously injured when one and possibly two of the caps exploded while they were playing at home.

Deputy Ray Kenworthy said the boys acknowledged taking them from a barn while they were visiting over the weekend at the home of a relative, Luther Davis, at Slagle, Idaho. The boys told officers they had given several to classmates at Otis Orchards Elementary School.

Kenworthy said a box which had contained 18 caps was found at the McConnell home. Thirteen had been accounted. Authorities at Slagle reported a box which originally contained 100 caps had disappeared from the Davis barn.

Cold Weather Prevails Over Most of Nation

By THE ASSOCIATED PRESS

Cold weather prevailed over most of the nation early today with the Eastern Seaboard registering sharp temperature drops as cold Canadian air seeped southward to central Florida.

From Maine southward along the Atlantic Coast, colder weather was recorded at most points. Tallahassee, Fla., went from 70 degrees at midnight Sunday to 47 degrees. At Tampa, the chilly air caused a 10-degree temperature drop.

The cold air along the Eastern Seaboard came from an air mass from northwest Canada which Weather Bureau experts said was three days in moving across the country.

The Great Lakes, with many readings below 20, was the coldest section of the nation.

Free Fowl Causes Foul Mood for Authorities

CARLSBAD, N.M. (AP) — City police here today were in a foul mood because Sam Jenkins was in a foul mood.

Jenkins released 33 turkeys from the roof of his furniture store and the public was invited to catch them. Attached to the turkey's legs were coupons entitling he turkey napper to discounts in Jenkins' store.

Police took a dim view of the resulting confusion and traffic jams and charged Jenkins with causing a public disturbance.

Jenkins pleaded innocent and said he planned to release 33 more birds today and again tomorrow.

Senator Says Effect On US From Crisis Was Over Emphasized

MONTGOMERY, Ala. (AP) — Sen. Sparkman (D-Ala.), who recently returned from the Far East, said yesterday that talk that the Little Rock school integration controversy hurt U.S. influence abroad had been greatly over-emphasized.

"The feeling where I visited was that those nations had their racial problems just as we do," he said.

Sputnik, he added, had a far different effect.

"You talk about something that hit us hard, well Sputnik did," Sparkman said. "That was all they were talking about."

Most of the countries in the Far East are uncommitted to the free world or Communism, he said; they want to be on the winning side; but "with Sputnik up there they are no longer sure that America is on the winning side."

Claim He Has Patent On New Brick Made From Sugar Cane Pulp

FORT MYERS, Fla. (AP) — A construction man says he has a patent pending on a process for making lightweight, low cost bricks from sugar cane pulp.

Steven Chambers said he worked five years to develop the brick from bagasse, the pulp left after juice is extracted from the cane.

He said it will reduce construction costs 20 per cent and is only one-third the weight of ordinary brick. It is waterproof, fireproof and contains its own insulation against heat and cold, he added.

Stevens, a Negro who came to this country 31 years ago from the British West Indies, is now a U.S. citizen.

Texas Legislature Acts on Pension Rate

AUSTIN, Tex. (AP) — The Texas Legislature is taking action to make sure Confederate veteran Walter Williams, 115, keeps his \$300 a month state pension.

The House unanimously passed a bill keeping his pension at that rate yesterday. Under existing law Williams' pension would be cut to \$200 because of the recent death of his wife, Rep. J. E. Winfree of Houston, where Williams now lives with a daughter, said the state Confederate pension fund totals more than \$900,000.

Williams is one of two surviving veterans of the Civil War.

Reads Funeral Rites

PIEDMONT, Calif. (AP) — Fleet Adm. Chester W. Nimitz read the funeral service yesterday for Y. Ching Woo, wife of a Chinese financier and long-time family friend.

Nimitz officiated under naval tradition as senior officer present at the Woo family's wish.

Mrs. Woo, 58, died Sunday. Y. C. Woo, her husband, was a director of the Bank of Canton before the Communists overran China.

BUTTONS BOUNCES — Whatever happened to Red Buttons? Well, nothing much except he has bounced back from being a washed-up comedian to play a dramatic movie role that many think will get him an Oscar. The little former comic is shown above as Airman Joe Kelly, the part he plays in the forthcoming film "Sayonara."

Californians Wants Committee Position

SAN FRANCISCO (AP) — Rep. Craig Hosmer (R-Calif.) is plugging for assignment to the Senate-House Committee on Atomic Energy. Hosmer said he wants the committee seat vacated by W. Sterling Cole (R-N.Y.), who resigned from Congress to become an executive of the International Atomic Energy Agency.

Youth Killed on Bike

SAN FRANCISCO (AP) — Seven-year-old Kenneth Watson decided to take a thrilling ride on his brother's bicycle down steep Flora Street near his home. At the bottom of the hill the speeding bike jumped a sidewalk and crashed into a garage door. Kenneth was killed. The bike had no brakes.

There is no exact record of the death of the Apostle Paul, but it is believed he was arrested in Rome and beheaded about 64 A.D.

SPANISH IMPORT: An enchanting sauce made with onions, saffron, almonds, egg yolks and ham make Pepitoria of Chicken different.

By CECILY BROWNSTONE

If you enjoy chicken and rice you will do well to look to Spain. Taking our own advice, we've borrowed an utterly delightful Spanish recipe — Pepitoria of Chicken — that deserves to be as well known as that country's Paella and Arroz con Pollo.

For the Pepitoria, the chicken

is browned in olive oil and then cooked in an enchanting sauce made with onions, saffron, hard-cooked egg yolks and ham. We find it can be prepared ahead and reheated successfully; served with rice and green peas it's a delicious main dish for a company supper. You might preface the Pepitoria

of Chicken with tomatoes stuffed with seafood. For dessert, an orange mousse garnished with seedless green grapes will be refreshing and attractive. Petits fours and black coffee will make a perfect ending.

Ingredients: 1 broiler - fryer (about 2½ pounds ready-to-cook weight), 1½ cups water, salt, 3 tablespoons olive oil, 1 large onion (finely chopped), ½ cup ham (sliced), ¼ cup unblanched shell almonds, 2 medium-sized cloves garlic, 1 tablespoon minced parsley, 2 hard-cooked egg yolks.

Method: Have chicken cut into 12 pieces; wash and drain. Place wing tips, neck, giblets and extra pieces of skin in water with a little salt; cover and bring to a boil; simmer about 30 minutes; strain and reserve stock. Meanwhile, brown remaining chicken pieces in olive oil in 10-inch skillet; remove. Add onion and ham to oil in skillet and cook gently, stirring often, until onion is softened but not brown. Remove chicken

and onion mixture. Brown almonds in olive oil left in pan; add a little more oil if necessary. Pound almonds, garlic, parsley and ½ teaspoon salt with a pestle in a mortar until paste-like; mix in egg yolks; gradually stir in 1 cup of the strained chicken stock. Return chicken and onion mixture to skillet; add sauce. Finish cooking chicken by simmering, covered, about 20 to 30 minutes or until tender. Serve over hot cooked rice. Makes 4 servings.

Note: If you do not have a mortar and pestle, you can put the unblanched almonds through the fine blade of a food chopper or a rotary-type grater, then crush the garlic with the salt and work almonds, garlic and parsley together. If you do not have a garlic crusher, mince the garlic fine, then mix it with the salt and crush with the heavy wide blade of a knife until it disintegrates. A few shreds of saffron may be dissolved in the chicken stock and added.

OBITUARIES

Mrs. Dora Roe Stinson

Mrs. Dora Roe Stinson, 90, wife of S. W. Stinson, died at 8:30 p.m. Monday at the Baptist Home at Ironton, Mo., where she had been residing the past year.

Mrs. Stinson was born in Rush County, Ind., Jan. 23, 1867, daughter of the late Lovell and Mrs. Harriet Patterson and came to Sedalia to make her home in 1924 residing here since at 1012 South Lamine until she and Mr. Stinson went to the Baptist Home in March, 1956.

She was a member of the First Baptist Church.

Surviving are her husband; two children by a former marriage, Lloyd Roe, Kansas City, and Mrs. Della Hayes, Sedalia, receptionist at the McLaughlin Funeral Chapel; a step-daughter, Mrs. Ida Palmer, Syracuse; a brother, Dr. William R. Patterson, Warrensburg; and a grandson, L. Lloyd Roe, Jr., St. Louis.

The body was brought to the McLaughlin Funeral Chapel where funeral services will be at 2 p. m. Wednesday, the Rev. J. R. Wallace, pastor of the First Baptist Church, to officiate.

Mrs. Charles Farley will sing "Safe In The Arms of Jesus" and "Lead Me Gently Home, Father." Mrs. Helen Williams will be at the organ.

Palbearers will be Virgil Bacon, George Chambers, Roy Conn, Charles Farley, Dan Dean and James Downs.

Burial will be in Buncheon Cemetery.

Mrs. Emma Martha Oetting

Mrs. Emma Martha Oetting, 83, died at her home in Emma, Mo., Sunday, Nov. 24.

She was born Oct. 9, 1874 daughter of the Rev. and Mrs. G. A. Demetrio in Germany.

She was a retired housewife. She attended parochial school and was married to Martin Oetting who preceded her in death.

Surviving are three sons, Albert, North Platte, Neb.; Melvin and Norbert Oetting, Emma, Mo.; two daughters, Mrs. August Borsine, Blackburn, Mo.; Mrs. Robert Sills, Detroit, Mich.; a brother, Edwin Demetrio, Memphis, Tenn.; a sister, Mrs. T. J. Rostache, Kansas City; 10 grandchildren and four great-grandchildren.

Funeral services will be at 1:30 p. m., Wednesday at the James Funeral Home, Concordia, and at 2 p. m. at Holy Cross Methodist Church, Emma, with the Rev. William Hettling officiating.

Burial will be in Holy Cross Cemetery.

Cecil Dewey Lindsey

Funeral services for Cecil Dewey Lindsey, 49, 1821 West Main, who died at Bothwell Hospital Monday morning, will be held at the Ewing Funeral Home at 2 p. m. Wednesday. The Rev. F. R. Luckey, pastor of the Full Gospel Tabernacle, will officiate.

Palbearers will be Roy Bozarth, Corbin Wheeler, Reuben Logan, Clyde Walker, Russell Cusick and Kenneth Wheeler.

Burial will be in the Union Cemetery.

LODGE NOTICES

St. Omer Commandery No. 11, Knights Templar, will meet in special conclave Friday, November 29, 1957 at 7:15 p. m. for work in the Order of the Temple. All Sir Knights welcome.

Jesse H. Gwinn, Commander.

W. L. Reed, Recorder.

Leslie James DeWitt

Leslie James DeWitt, 65, Nelson, died unexpectedly at 3:50 a.m. Tuesday, Nov. 26, at Fitzgibbon Hospital, Marshall.

He was born July 17, 1892, at Beaman, the son of the late Lark and Anna Lee DeWitt. He was married Sept. 3, 1911, to Miss Maude Hanlin at Nelson. He was a farmer and a member of Memorial Baptist Church, Nelson.

Funeral services will be at Peninsula Church at 2 p.m. Friday. The Rev. M. F. Butcher, Marshall will officiate.

He is survived by: his wife, Mrs. Maude DeWitt, of the home; two sons, Raymond, Nelson, and VIRGIL DeWitt, Marshall; two daughters, Mrs. Douglas (Reba) Thomas, Marshall, and Mrs. Earl (Norene) Nichols, Marshall; a brother, William DeWitt, Beaman; eight grandchildren and two great-grandchildren. He was preceded in death by one son who died in infancy.

Burial will be in Peninsula Cemetery.

The body will be taken from Hays-Painter Funeral Home to the family home Thursday afternoon, where it will lie in state until time for services.

Mrs. Rosie Perkins Wesslin

Mrs. Rosie Perkins Wesslin, 72, Pilot Grove, died Nov. 25 at St. Joseph's Hospital, Boonville.

She was born March 17, 1885, at Clear Creek, Mo., the daughter of Henry and Johanna Gramlich Perkins. She was married to Henry Wesslin, now deceased, Oct. 18, 1905, at Clear Creek. She was a member of St. John's Catholic Church.

Survivors include: four sons, Lawrence and Henry, of the home, Cyril, Clear Creek, and Barney, Pilot Grove; four daughters, Mrs. Florence Reuter, Mrs. Stella Reuter, Mrs. Frances Stoecklein, and Mrs. Dorothy Hoff, all of Pilot Grove; two sisters, Mrs. Amelia Schibi, Clear Creek, and Mrs. Floyd Dooos, Sedalia; one brother, George Perkins, Sedalia; one half-brother, Frank Pabst, Parsons, Kan.; and 33 grandchildren.

Funeral services will be held at 9:30 a.m. Thursday at St. John's Catholic Church in Clear Creek. The Rev. Kevin McGonigle will officiate. The rosary will be recited at the funeral chapel at 8 p.m. Wednesday.

Palbearers will be Charles Wesslin, Earl Wesslin, Gene Stoecklein, Joe Stoecklein, Bobby Reuter and Joe Lee Wesslin.

Burial will be in St. John's Church Cemetery.

The body is at Hays-Painter Funeral Home, Pilot Grove.

Mrs. Corda Arnett

Funeral services for Mrs. Corda Arnett, 83, wife of Claud A. Arnett, Route 2, Green Ridge, and a lifelong resident of Pettis County, were held at the Ewing Funeral Home at 2 p. m. Tuesday.

The Rev. H. L. Alley, pastor of the Calvary Baptist Church, officiated assisted by the Rev. E. O. Farier, pastor of the Camp Branch Church, Roy Looney, Charles Hickham, Ernest Mulberry and Russell McFartrich, sang, "Rock of Ages" and "We'll Never Say Good-bye," accompanied by Mrs. Mae Moser at the organ.

Palbearers were Ruppert Gorrell, Harry Hoover, Lee Brandt, Henry Heinaman, Walker Finley and W. C. Ewers.

Burial was in the Green Ridge Cemetery.

John Burns

John Burns, 84, life long resident of near Versailles, died at 6 p. m. Monday, Nov. 25, at the home of his niece, Mrs. Nettie Krog, Versailles.

He was born in Morgan County, son of the late Peter R. and Margaret Evans Burns. He was a retired farmer.

He is survived by four nieces, Mrs. Krog and Mrs. Ross Newton, both of Versailles, Mrs. Will Sombart, Boonville, Mrs. Irene Ball, Sedalia; and one nephew, Chester Burns, Unionville, Mo.

Funeral services will be held at 2:30 p. m. Wednesday at the Kidwell Funeral Home, Versailles.

The body is at the Kidwell Funeral Home.

Attorney Says Graves Verify Raid by Gein

WAUTOMA, Wis. (AP)—Dist. Atty. Earl Kileen says excavation of two graves convinces him that Edward Gein actually did raid cemeteries for parts of nine bodies found in his farm home.

Wautoma County authorities re-opened two graves in the Plainfield Cemetery to check the story of the 51-year-old bachelor.

Gein, who is undergoing 30 days of mental observation, admitted killing two women and robbing the graves of nine other women.

He is charged with first-degree murder in the death Nov. 16 of Mrs. Bernice Worden, 58, a hardware store operator. He also admitted killing Mrs. Mary Hogan, a tavernkeeper, Dec. 9, 1954.

Authorities opened the graves of Mrs. Eleanor Adams and Mrs. Mabel Everson, both buried in 1951. Their names were on the list of women whose graves Gein said he looted.

Mrs. Adams' casket was empty. The other coffin also was empty, but Kileen said a few bones and a small prying bar were found in the dirt above the empty casket.

"As far as I am concerned, the opening of these two graves verifies Gein's story," Kileen said. "I won't open any more if I can help it."

He said any further excavations will be "a state matter," adding that if Wisconsin Atty. Gen. Stewart Honeck "believes that opening the others is necessary, we will open them all. This deal is too big for Wautoma County."

Honeck entered the case upon orders from Gov. Vernon Thomson. The attorney general directed Charles Wilson, head of the state crime laboratory, to continue with all steps necessary to assure a complete investigation of the Gein case.

Doolittle Says US Is Behind Russia

WASHINGTON (AP)—Lt. Gen. James Doolittle (Ret.) testified today that Russia "certainly is ahead of us" in all land-fired missiles. He said the United States is ahead in air-to-air types.

Doolittle, who heads the National Advisory Committee for Aeronautics, told the Senate Preparedness subcommittee that this country fell behind Soviet Russia because it had no coordinated program until 1953.

He said the Russians started missile developments in 1946 and "they have been working harder at it than we have."

a brother, Alex Bruns, operated a farm near Concordia, died Sunday, Nov. 24 at Lexington Memorial Hospital.

He was born Oct. 21, 1891 at Concordia, daughter of Mr. and Mrs. William Bruns, attended public schools there and was a member of the Lutheran Church.

Surviving are her brother and a sister, Mrs. Walter Roote, Oklahoma City.

Funeral services were at 1:30 p. m., Tuesday at the James Funeral Home, Concordia and at St. Paul's Lutheran Church there at 2 p. m. The Rev. O. E. Heilman officiated.

Burial was in St. Paul's Cemetery.

Samuel White

Samuel White, 83, died Nov. 25 at the home of his son, Hersel White, Davenport, Iowa.

Mr. White resided on a farm near Florence until 1954 when he and his wife retired and moved to Smithton. In 1956 they moved to Davenport, Iowa.

He is survived by his wife, Louisa, of the home, two sons, Hersel of Davenport, Ia., and Amos of Berrien Springs, Mich., seven grandchildren and two great-grandchildren, and one brother, Henry White of Leeton.

Funeral services will be held at 1 p. m. Thursday at Florence Methodist Church.

Burial will be in Union Cemetery. The body is at Stevinson Funeral Home, Stover, and will remain there until Thursday noon at which time it will be taken to the church.

Claude Easterday Services

Funeral services for Claude Easterday, 74, retired barber who died at his home in Cross Timbers as a result of a stroke, were held at a Wheatland funeral home Friday afternoon. Burial was in New Home Cemetery near Dell.

He had been an invalid the past few years.

Preceding him in death were his first wife and a son. Three daughters and a son of his first wife survive, as do his second wife, their son and a daughter and several grandchildren.

Dismissed: Mrs. Elmer Chiles, Sr., 302 East Saline; Mrs. Dalbert Moors, St. Louis.

Fires In the City

The fire companies were called at 1:47 p.m. Monday to 538 West Saline, where burning trash set fire to a shed of William Barnes. Damage of about \$75 resulted to the shed and \$50 to the contents.

Police found a trash pile burning in back of the Looney-Bloss Lumber Co., Main and Massachusetts, at 7:28 p.m. Both fire companies answered the alarm. No damage resulted.

Accidents

Two cars were sideswiped in the 600 block on West Third about 8:30 p.m. Monday night by a late model Chevrolet, cream colored, and the license of the car was obtained by a witness who turned it over to the police. Little damage resulted to the two vehicles.

The owners, according to the police, said they did not want to prosecute.

A Cole Camp resident, C. L. Parks, 76, was severely injured about 6:30 a. m. Sunday, in a one-car accident at the east edge of Versailles. The car was driven by Dr. T. S. Reser, also of Cole Camp.

Mr. Clark suffered a fractured jaw, broken nose, multiple bruises about his face. He was brought to the Bothwell Hospital where Dr. A. L. Walter and Dr. A. L. Lowe, rendered medical treatment.

Dr. Reser, received a bruised right eye, stiff back, but otherwise was not hurt.

Dr. Reser reported he was enroute to Hannibal to visit a brother who is ill there and was being accompanied by Mr. Clark. He said they were driving east on Highway 5, and missed a curve. The car ran headon into the ditch, throwing Mr. Clark against the dash board.

The car a 1950 Buick sedan was extensively damaged in the front end.

Police Reports

A gate at the J. W. Atkinson Construction Co., Third and Hancock was found standing open by the police at 10:20 p.m. Monday and was closed by the officers.

W. S. Wheeler, 502 East Fifth, reported to the police that someone used a screwdriver to pry off the outside rear view mirror from his car parked in front of the above address.

The back door to the Zephyr Manufacturing Co. was found open by the police at 12:06 a. m. Tuesday. The manager was notified and the door was locked.

A rear window in the Hudson Oil Co. service station on East Broadway was found open by the police at 2:27 a.m. Tuesday.

Police Court

William Henderson, Kansas City, charged with parking on the wrong side of the street in the 400 block on West Pettis, forfeited a \$2 cash bond.

Jennings Donahoe, Green Ridge,

Jap Students March On US Embassy In Demonstration

TOKYO (AP)—Seventy Japanese students marched on the U.S. Embassy today and demonstrated against the ouster of leftist Kamejiro Senaga as mayor of Naha, Okinawa.

The chanting, placard-waving demonstrators were blocked 30 yards in front of the embassy gate by 150 Japanese policemen.

There was no violence. Three students were admitted into the embassy and handed a statement to political officer Martin Herz protesting "antidemocratic policy of ousting Naha's mayor," and "nuclear bases in Okinawa."

In Okinawa, President Moriyo Tomihara of the Bank of the Ryukyus predicted that within two or three days the United States would release civic reconstruction funds frozen since Senaga's election in 1956.

Tomihara made the statement at a celebration rally following Senaga's ouster, attended by the Ryukyus' top financial leaders.

Major Japanese newspapers sharply condemned the U.S.-engineered ouster of Senaga. Okinawa newspapers generally viewed it as unfortunate but inevitable.

The Naha City Assembly voted Senaga out of office 17-10 Monday after the U.S. high commissioner ordered a change in the law so that a quorum was no longer needed on a nonconfidence vote. Senaga supporters had long blocked the vote by boycotting sessions and leaving the Assembly without a quorum to do business.

Japan's largest newspaper, Asahi, said the United States had shown "disregard of the Okinawa people's voting rights."

charged with careless driving in failure to yield the right-of-way at Third and Kentucky, in which an accident was involved, was fined \$25. He pleaded guilty to Judge Willard Morris.

Knob Noster Lumber Co., charged with parking in a restricted area, 100 block North Osage, forfeited a \$2 cash bond.

Eight overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each, and 26 others paid the 25-cent fee.

A-2c Richard Riley, Whiteman AFB, charged with driving a car while under the influence of intoxicating beverage, failed to appear in police court and his cash bond of \$75 was ordered forfeited.

Magistrate Court

William Grant, Kansas City, was fined \$25 and costs on a charge of passing on a hill. Grant pleaded guilty.

Edward J. Hurley, Springfield, was fined \$25 and costs on a charge of exceeding the state speed limit. Hurley pleaded guilty.

Raymond Y. Sims, Sweet Springs, was fined \$25 and costs on a charge of passing on a hill. Sims pleaded guilty.

In Other Courts

Damages of \$7,500 are sought in a suit filed in circuit court in Johnson County at Warrensburg by Albert Romero, an airman second class of the Whiteman Air Force Base, from Capt. Jay Watts, 416 Clark Avenue, for injuries Romero alleges he received in an accident on Nov. 4 involving a car in which he was a passenger and another car driven by Capt. Watts.

The accident occurred 2.9 miles east of Highway 13 on Highway 50 and resulted in the death of S/Sgt. Stanley Paul Offinowski, 28, of Chicago, who was the driver of the car in which Romero was a passenger. The two vehicles met almost headon.

Navy Court Finds Marine Is Innocent Of Cruelty Charges

YOKOSUKA, Japan (AP)—A U.S. Navy court-martial today found Alabama Marine Sgt. Tommy G. Flint innocent of charges of cruelty to U.S. prisoners in a Navy brig.

A five-man officers board cleared Flint, 23, of Silas, Ala., of four counts of maltreatment after the accused Leatherneck admitted yesterday he roughed up two sailors and a fellow Marine "to try to run a better brig."

Flint, former warden at the Sasebo naval jail in south Japan, was one of 16 Marine ex-guards charged with maltreatment and facing court-martial. He told the court roughing up inmates was standard brig policy.

The court gave no explanation of its verdict nor how Flint's acknowledgment of rough treatment was considered in the decision. The court-martial officer, Marine Lt. Col. John P. Newlands, Los Angeles, declined to comment.

Flint had testified the brig officer, Capt. Milton C. Kramer, Harvey, Ill., was aware of the situation. He said Kramer told him, "I know what's going on here. If it is going on, don't let me know about it." Kramer denied the testimony from the witness stand.

Two sailors and a fellow Marine testified they were beaten by Flint. They were Jon J. Taylor, 19, Phoenix, Ariz.; rookie Marine; Seaman Carlos E. Vota, 18, Amarillo, Tex.; and Seaman John Reed, 19, Cleveland, Ohio.

Flint's civilian defense lawyer, Frank H. Scolinos of Tokyo, contended in final arguments that the prisoners in the brig were "juvenile delinquents. They have to be straightened away in order to understand regulations. Law and order means nothing to them."

"That's all Flint was trying to do—to instill discipline into these prisoners."

Six men have already been tried by summary court-martial on the charges, and four convicted. Seven others besides Flint are to be tried by stiffer special courts-martial and two face trial by general courts, the strongest the Navy can call.

Hawthorns comprise the largest genus of forest trees, the genus Crataegus comprising about 165 species.

My Own, My Native Land

It was Thomas A Edison's opinion that we don't know one millionth of one percent about anything.

That would surely apply to what we know about our America, what it stands for. One millionth of one percent is just about right.

In November our patriotic fervor seems to be limited to football games. In Sedalia November 11, Veterans' Day passed with hardly a ripple of recognition, and on your fingers you could count the number of flags waving in front of homes and business establishments.

"It's so easy to forget," might have been a comment of the Doughboy in front of the Pettis County Courthouse although grateful indeed for the wreath placed by the American War Mothers at the base of this monument. Unlike other communities, Sedalia's observance of the day was suitable by its silence.

Making up for this omission the Business and Professional Women's club under the committee leadership of Mrs. Marjorie Garansson highlighted observance of "Know Your America Week" by arranging a patriotic program in front of the Doughboy followed by a parade with our two high school bands

The Washington Merry-Go-Round

Chico Marx Victim of Tax Inequalities

By DREW PEARSON
WASHINGTON — Chico Marx, member of one of the most famous teams in show business, "The Four Marx Brothers," has been having trouble paying his taxes. He owes \$77,564.

The tax laws are written so that a Texas oil man can write off 27 1/2 per cent of his taxes on oil depletion; or the owner of the King Ranch can depreciate a prize bull in five years on his taxes; or an industrial concern can depreciate the cost of a new factory as quickly as five years — if it can get a special tax necessity certificate.

But the tax laws are not written to depreciate the skills of an actor who must sweat years in front of the footlights or the TV cameras, the abilities of a doctor who must answer sick calls night and day; or a lawyer who spends years getting his training; or a writer who pounds the typewriter night and day. They don't get the same privileges as an oil man or a fancy cattle dealer.

So Chico Marx, rising from poverty on the sidewalks of New York, has gone back to poverty. During the peak years of his earnings he, together with Groucho, Harpo and Zeppo were taxed millions. But Chico, now 69, is suffering from heart trouble. He obtained an engagement of the "Straw Hat" circuit last summer, but became ill and had to quit.

Finally the Treasury agreed to a compromise whereby Chico, real name Leo C. Marx, will pay \$25,000 to be put up by his brothers. After that Chico will pay Uncle Sam any money he makes each year above \$7,000 for the next five years. At the age of 69 it won't be much.

NOTE — The Eisenhower Administration could wipe out its debt ceiling troubles by removing or reducing the 27 1/2 per cent oil depletion tax allowance. This would give it enough money to pay for plenty of missile research. However, with a former Texas oil man, Bob Anderson, now Secretary of the Treasury; with Speaker Sam Rayburn and Democratic leader Lyndon Johnson, both of Texas, watching tax changes in Congress; and with Texas oil millionaires Clint Murchison and Sid Richardson among the heaviest contributors to Eisenhower's campaign, this isn't likely to happen.

Scrap Iron Monopoly

When you talk about the scrap iron industry most people think of the rusty farm machinery, the tin cans and other junk that's picked up around the countryside. They don't realize the scrap industry is so essential that our steel mills cannot operate without it and that the Roosevelt Cabinet held hurried meetings before Pearl Harbor over whether scrap shipments should continue to the Japanese. The fact that they did continue was one of the scandals of the Roosevelt Administration.

Today another scrap iron scandal, this one an antitrust scandal, is being probed in leisurely fashion by the Federal Trade Commission and the House Small Business Committee. Both are so leisurely that a lot of small scrap iron dealers may be out of business before they finish.

The antitrust scandal is that one company, alone, Luria Brothers Company, Inc., of New York and Philadelphia, exports around 50 per cent of all the scrap iron from the United States.

Much of this scrap is purchased by foreign countries as a result of foreign aid advanced to them by the United States. Yet that foreign aid chiefly benefits one big scrap iron company, Luria Brothers.

Even more significant, the best deal Luria Brothers got was when Harold Stassen was head of the Foreign Operations Administration

Guest Editorial

FRANKLIN (Penna.) NEWS-HERALD: Motorists With Poor Sight. It's shocking to note the statement of O. D. Shipley, director of the Bureau of Highway Safety, that about 250,000 "potential killers" with eyesight deficiencies still retain legal authorization to drive cars but would lose their licenses if visual tests periodically were requested of all motorists.

Even more shocking was Mr. Shipley's observation that under existing laws drivers' licenses are issued to "hundreds of persons unfit to drive for various reasons, including some receiving blind pensions."

and many organization representatives. The effort was magnificent but in numbers the audience wasn't. The attendance was typical of that shown at the polls on election days.

We thought hook worm was a disease of the south, but it seems to have moved up Sedalia way. The BPWC's activity is in the right direction to dispel this contagion of apathy and attempt to rededicate the people to preservation of American freedom and combat communism which thrives on indifference.

If only a few seeds of this noble effort were planted in Sedalia Monday then the BPWC enterprise is worthy the strenuous effort expended. If their theme-a-day gets some recognition in the schools, churches and among the civic clubs then Sedalia is not entirely deficient in enthusiasm for the objectives of "Know Your America Week."

Nothing is more shameful than ignorance of one's own country. Patriotism, like knowledge, withers when it is not nourished.

If we're going to know more than one millionth of one percent about our country, our community, then some of Sedalia's patriotic arid spots will need a little more moisture and a heap more fertilizer.

and when, simultaneously, Luria's lawyer, Morris Wolf of Philadelphia, leading member of the law firm which represents Luria, was general counsel of the Foreign Operations Administration.

Tried To Suppress Figures

Wolf is a man of excellent reputation. He has long been a director of the University of Pennsylvania's Republican Finance Committee.

When Wolf was general counsel of the Foreign Operations Administration, FOA gave a \$100,000,000 loan to the European coal and steel community, better known as the Schumann plan countries, including France, Belgium, Luxembourg and the Netherlands. These countries then turned around and signed an exclusive contract with Luria and its associates for scrap iron.

It was the biggest scrap iron bonanza in the history of the trade, and increased Luria's monopoly position.

Before Stassen and his Philadelphia lawyer friend gave the \$100,000,000 loan to the Schuman plan countries, Luria was exporting a relatively small amount of American scrap. And when the House Small Business Committee sought to investigate this, Luria did its best to keep the figures secret.

American exports are supposed to be a matter of public record. However, here are the figures Luria tried to suppress, which indicate the manner in which they profited from the foreign aid loan to the Schuman plan countries, negotiated in part by Luria's attorney Morris Wolf and his close friend, Harold Stassen.

From Oct. 1 through Dec. 1, 1953, Luria exported 18.4 per cent of the scrap iron from the U.S.A. to all foreign customers.

In 1954, Luria's exports shot up to 50.5 per cent. Of the total 600,912 tons to Europe, Luria sold 543,219 tons, or 90.4 per cent. This was the first year of the Schuman plan. No other American scrap iron company could sell to the Schuman countries except Luria and its affiliates, Western Steel International and the Schiavone-Bonomo Corp.

Next year, 1954, the United States sold scrap iron valued at \$78,083,596 to the Schuman plan nations, of which Luria sold 95.3 per cent.

The total foreign aid loan was \$100,000,000; so Luria got a big percentage of this in the year 1955 alone.

Think It Through

—By E. F. Hutton

THE PRODIGAL UNCLE — The prodigal son had a heck of a time while it lasted. Then came Uncle.

After years of peak prosperity, record taxes, income, spending and debt, we have — U. S. Government Bonds selling as low as 87 1/2's.

Government debt up to the ceiling, — Uncle squirming around the debt limit by having subsidiaries, like "Fanny May" (Federal National Mortgage Association), borrow instead of the Treasury.

Uncle paying his bills by installments and making his creditors wait, —

Uncle forced to pay 4 per cent to get his debts refunded, —

Uncle, last January, proposing 14 new and additional spending programs, including Federal aid to schools, —

Uncle's dollar losing value, —

Uncle's nephews and nieces going deeper and deeper into debt.

And now come Sputniks and the intercontinental ballistic missile. More billions!

But nothing laid aside for a rainy day! The prodigal Uncle is coming home. But where is the fatted calf?

Profit margins sinking. Losses mounting on the Stock Exchange. Labor unions demanding more.

And no cushion. No nestegg. No factor of safety in our frenzied Federal finance. Welfare for all!

It was quite a binge. New Year's Eve all the year round!

For years I've repeated, "Stop going into debt!"

But, neighbor, don't sell Uncle short, even if he's acted foolishly! All he needs is to take Ben Franklin's tonic thrice daily.

Problem: What About Atomic Secrets?

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Thomas E. Murray wraps up the problem of the Eisenhower administration and Congress must face next year and later: What to do about atomic secrets?

Murray used to be up to his neck in those secrets. He was a member of the Atomic Energy Commission. Now he's consultant to the Joint Congressional Committee on Atomic Energy. Expressing his own views in a report to the committee last night he took this position:

The huge blanket of secrecy thrown over nuclear development was all right so long as this country monopolized the field. It doesn't now. Russia is abreast of us for

Looking Backward...

TWENTY-FIVE YEARS AGO

Two unmasked men walked into the Milton grocery store, 811 West Main, Saturday evening, held up C. E. Stumpf, manager, and Virgil Corson, clerk, taking about \$80 and Mr. Stumpf's gold watch.

1932
Fred E. Hoffman, 412 West Broadway, suffered fractures of three ribs in a fall from a porch at a farmhouse near El Dorado Springs Friday, Nov. 25.

1932
An annual rabbit hunt by a large group of Sedalians took place Friday, the hunters bringing in 189 rabbits to be distributed among the less fortunate through the welfare organizations.

1932
W. L. Williams, 1801 South Stewart, reported to police thieves visited his ten house, stealing 18 chickens.

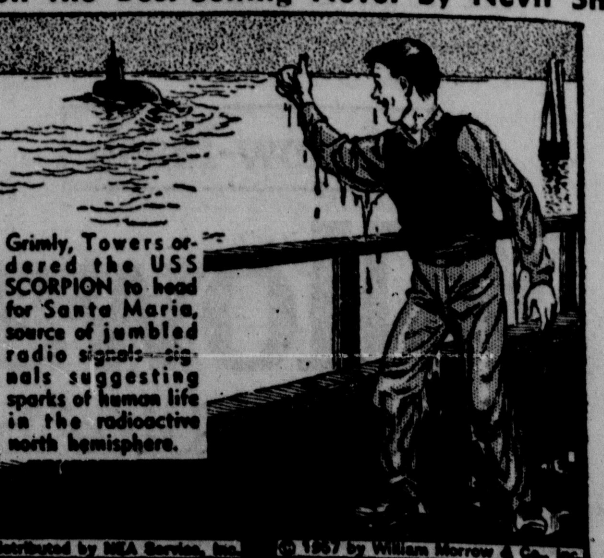

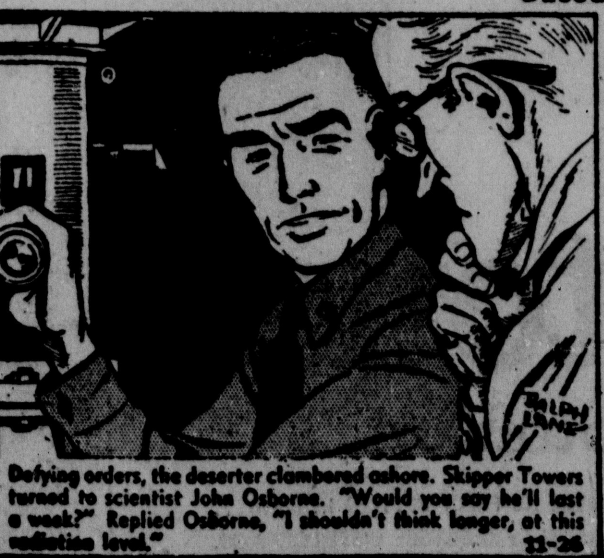

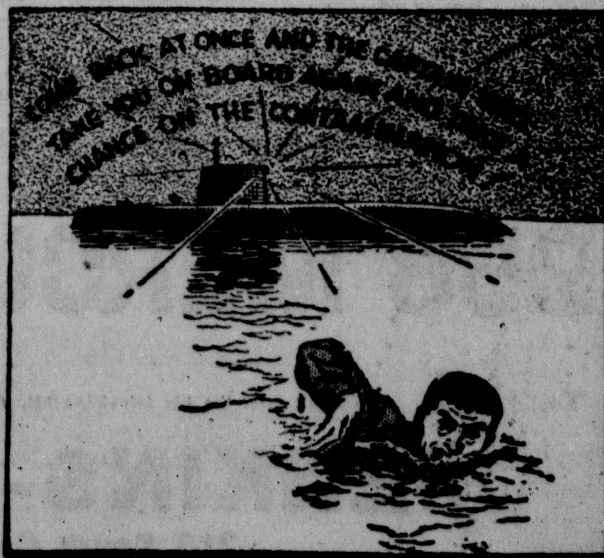

1917

"Entree!"

A Landmark Overlooked

Capitol's National Theatre Has Historic Attraction

By Joseph A. Dear
Of Our Washington Bureau
WASHINGTON — One of the famous landmarks of our fair capital is the National Theater, just off Pennsylvania on E Street.

Because it is a living thing, and not a museum or chunk of commemorative marble, its historical associations often are overlooked. For example, this is the theater Lincoln didn't go to the night he was shot.

According to Scott Kirkpatrick, genial manager of the National, Lincoln had tickets for "Mazeppa" a play starring a trained horse. His son Todd was all for that. But — and wouldn't you know it — Mrs. L. was not. So there was a list minute switching, and Lincoln went to Ford's Theater and his death. Todd was in the lobby of the National waiting for a lift home when he learned his Dad had been shot.

Two years earlier, Lincoln had seen John Wilkes Booth at the National in a production of Richard III. (The National for a brief period before and during the Civil War, was known as Grover's Theater.) But that's about the only unpleasant memory that can be linked with the National.

It's a happy and fortunate house. Kirkpatrick recalls that there has never been a serious accident there. Years ago, a chap who had overindulged did tumble from the balcony, first row, smashing three seats in the pit. But he was unhurt, and returned the next day to claim his straw hat.

The National, with seats removed, was the scene of William Henry Harrison's inaugural party. But perhaps its most exuberant triumph was a day in 1840 when Congress and the Supreme Court arrived to applaud the ballerina Fanny Elssler.

Fanny really had it. For according to contemporary accounts, preserved by Kirkpatrick, "gentlemen hurled their watch chains on the stage." And women chuckled bracelets and bangles right after. Fanny must have been taxed to find footroom for her dance.

The National opened in the fall of 1835. It still occupies the same site. Under the right hand portion of the stage today is rubble and stonework of the original structure. And possibly the body of a murdered actor. The corpse has never been found, but nervous night watchmen of the past did insist his ghost came forth for certain calls in the wee hours.

The greatest theater fan, according to Kirkpatrick, was the late President Roosevelt. In his first two terms, he came to the National, on the average, twice every three months. Since its opening, only one President has failed to attend a single performance at the National. And that's Ike. He hasn't gone to any legitimate stage shows anywhere while President.

Mamie, Kirkpatrick says, has more or less made up for her illustrious husband's regrettable failing. She comes to Wednesday matinees. In fact, she has practically rescued the Wednesday

matinee, Kirkpatrick says. He has no doubt that the knowledge that Mamie may attend has increased the popularity of a notoriously poor show time.

It's interesting to note that there was a day when a government official, who also fancied he had ability as a playwright, shamelessly misused U. S. Marines as actors and props. He was General Alexander Macomb, commander of the United States Army.

Macomb had noted the success of George Washington Custis' "Pocahontas," probably the first Indian spectacle staged in the United States. Custis, the proprietor of Arlington, produced his work in 1837. Macomb, the same year, produced another spectacle, "Pontiac or The Siege of Detroit." According to Kirkpatrick's records, the play was described as "lurid and bewildering." Even the Marines were unable to save it from oblivion.

The National no longer shanghaies extras from the Marine Corps, but it's very much in business. And though it's not on usual agenda of the capital tours, it is the oldest continuing theater in the United States.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Learning is a continuous process which begins at birth and ends at death. There was an old theory that learning was largely limited to the period between 6 and 20. It is true that these years are devoted to most of our formal learning in primary and secondary schools. Yet it is also true that adults of all ages go to school to learn not merely from books and lectures, but also from their experiences and the experiences of others which need assistance in application.

Some folk never learn to apply the knowledge which they store in the memory chambers of their minds. Others overlook the fact that experience is a poor teacher if it is not related to living.

Many people memorize many verses of Scripture so that they can quote whole sections of the Bible on a moment's notice. Some study the Scripture in order to bolster their theological beliefs. All of this is important but it gives little growth to God's kingdom and to man's spiritual satisfaction if it is not applied to daily living.

Snow-capped Mount Teide, on Tenerife, rises 12,162 feet above sea level and is the highest peak in the Canary Islands.

WAC Director Sees No Need For Padding

TOKYO (AP)—The director of the U. S. Women's Army Corps said today she sees no need for introducing elsewhere a suggestion advanced here that WACs fill out their uniforms with falsies and girdles.

"We like for them to be independent in these matters," said Col. Mary Louise Milligan. "Our commanders are always interested in their women looking well. . . . They take pride in setting the pattern themselves."

Col. Milligan, nearing the end of a Far Eastern inspection tour, also told a news conference WACs could be trained for actual combat if necessary; WACs catch few foreign husbands; and pretty ones do not disrupt work in male offices.

WAC Lt. Jeanne Wolcott of Kent, Ohio, told her Yokohama WAC detachment in October to shape up with a little padding here and there and they did.

Col. Milligan, apprised of this, noted crisply, "The women are given an allowance for buying their underclothing. We want them to present a neat form of dress."

Under questioning she acknowledged:

1. Tough WAC sergeants don't exist. "I'm very, very pleased with their ability, efficiency and ladylike manners," she said.

2. There is no need at this time to train American women as actual combat forces, "but if it comes to that I'm sure they would be ready to serve. . . . They are psychologically ready."

3. Romantic stories of WACs marrying foreign husbands are just that. "The number of foreign grooms is relatively small. . . . About 20 per cent do win American husbands in their first year in the corps."

Sorority Helps Reunite Friends

The Epsilon Beta Chapter of Beta Sigma Phi is trying to bring as much cheer as it possibly can to the Buena Vista Home and has been having monthly parties there honoring those who have birthdays each month, but its plans for the Christmas party did a little more than it had expected.

Giving a card party and bazaar, the proceeds from which are to be used for the Christmas party, some of the Buena Vista residents wanted to help out a little, too, by making a few little items for the bazaar. A picture of a small group of the women was published in The Democrat-Capital and Mrs. Elba Klein, Route 2, Otterville, recognized a friend in the picture. She called Mrs. Ellis Green, superintendent of Buena Vista and sure enough, it was Mrs. Anna Rubey whom she hadn't seen for years. Then Mrs. Klein wrote Mrs. Rubey a letter. It has been a very happy thing for the two women who have found each other again after losing track of each other for such a long time.

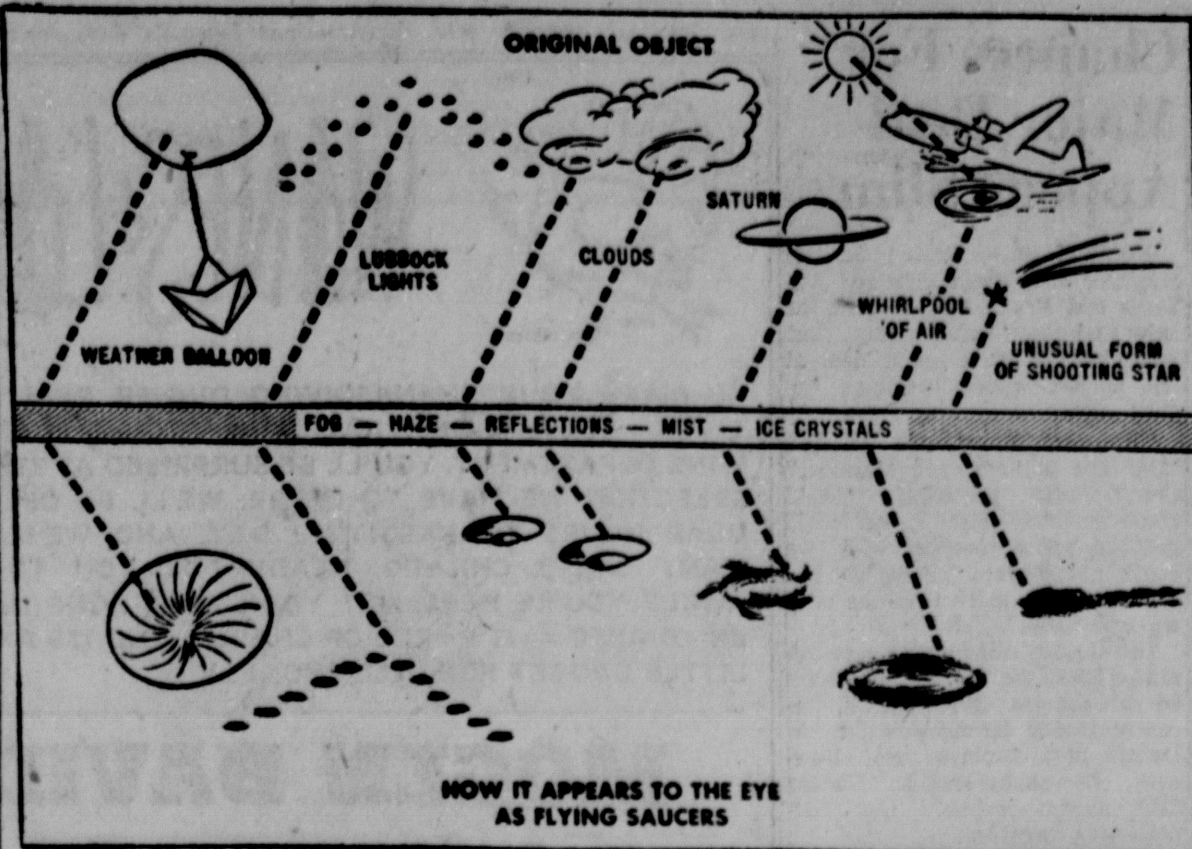

Expect Long Battle To Control Blaze

LOS ANGELES (AP)—It may be several more days before the devastating fire in Angeles National Forest is brought completely under control, a Forest Service official said today.

The fire, now five days old, has eaten up about 25,000 acres of precious watershed northeast of Los Angeles. It was reported 75 per cent controlled, but fire fighters were finding it extremely difficult to get men into the northeastern sector because of the precipitous and heavily overgrown terrain.

Finish Japanese Dam

TOKYO (AP)—Oguchi Dam, which Japan claims is the world's largest reservoir, was formally completed today in a colorful ceremony. It is 447 feet high and 8 miles long. The 60-million-dollar dam in the northern suburbs of Tokyo can hold 180 million tons of water and supply 900,000 tons of water daily.

DO YOU HAVE "SPUTNIKITIS"?—Most of the UFO's—unidentified flying objects—reported are real, all right, but they're not what they seem. So says Dr. Donald H. Menzel, director of Harvard College Observatory, Cambridge, Mass.

Sketched, above, are some cause of those sightings, as explained by Doctor Menzel. No scuffer, he, Menzel does believe there are some saucers reports which "represent natural phenomena that we simply still do not fully understand."

Report Tito Plans Change In Government

BELGRADE, Yugoslavia (AP)—President Tito, 66 and ailing with lumbago, was reported today preparing to revamp Yugoslavia's government and party lineups in a move to lighten his own work load.

Informed Belgrade sources said plans to make Edvard Kardelj the leader of the Yugoslav government and Aleksandar Rankovic the leader of the Yugoslav Communist party.

Kardelj and Rankovic, two of Tito's closest collaborators, are now vice presidents.

The sources indicated Kardelj would become sort of a prime minister, with Tito retaining the post of president.

Rankovic, according to the sources, would take over the job of Communist party secretary-general, now held by Tito.

Main purpose would be to take day-to-day routine work off the ailing Tito's shoulders. But he would still have a decisive say on top-level matters, the sources said.

They emphasized that Tito himself planned the changes and proposed them to the Communist party Central Committee, which reportedly has been examining them at closed meetings over the past several months.

Yugoslavia's Communist party is due to hold its next congress in the spring of 1958. It is considered possible the changes will be announced then.

Mary Martin Injures Knee During Rehearsal

HOLLYWOOD (AP)—Mary Martin suffered a knee injury last night when she took a spill during a dress rehearsal of the "Annie Get Your Gun" television production.

She tripped over a piece of scenery.

Her knee was bruised, but she was able to continue the rehearsal for the Wednesday show.

To Let Cats Sleep

DEARBORN, Mich. (AP)—Councilman William H. Broomhall has learned to let sleeping pussycats lie—even if they are sleeping more than three to a house in Dearborn.

Broomhall proposed an ordinance a few weeks ago that would have limited to three the number of adult cats a householder could have in his home.

The proposal set the fur flying. "I got a couple thousand complaints," Broomhall said. "There are a lot more cat lovers in Dearborn than I thought there were. I'm going to have the proposal tabled."

Find Buried Beer

FRESNO, Calif. (AP)—Artie Starks told officers he believed someone had buried something on a vacant lot near his home. Police dug up

Racketeers Are Flushed From Homes

MINEOLA, N.Y. (AP)—In early morning hours today squads of Nassau County police flushed racketeers from their homes in plush surroundings among Long Island commuters.

Dist. Atty. Frank Gulotta carried on his campaign of harassment against crime big shots, past and present, living in his area.

Fifteen residences were raided today and the seven men found at home were taken to headquarters here and released after questioning.

Among those picked up, authorities said, were Lorenzo Becsica, of Atlantic Beach, a former bodyguard for Charles (Lucky) Luciano, deported vice czar; and Benjamin Levine, also of Atlantic Beach.

Levine was identified by the district attorney's office as having been indicted with the late Louis (Lepke) Buchalter and Irving (Gurrah) Shapiro in 1937 on extortion in the New York City garment industry.

Also questioned was Anthony (Little Augie Pisano) Carfano, of Atlantic Beach. He has been a close friend of racketeer Frank Costello for some 20 years and reportedly was a top lieutenant for Al Capone in the prohibition era.

The others were identified as John Ormento of Lido Beach; Frank Livorsi of Atlantic Beach; Anadio Papadio of Lido Beach; and Domenick Claffone of Westbury.

Ormento has been convicted twice as a narcotics peddler; Livorsi has been arrested eight times, twice on homicide charges and once on a charge of transporting narcotics; and Claffone also has a record of narcotics arrests, authorities said.

Dynamite Blast Kills Manganese Prospector

MENA, Ark. (AP)—A dynamite explosion in mountainous country near Mena yesterday killed manganese prospector Luther Hale, 58, of Hutchinson, Kan.

The sheriff's office here said Hale and his partner, Ray Johnson of Clinton, Mo. had set two dynamite charges.

One went off and the other failed to explode, officers said. They quoted Johnson as saying Hale went to investigate and the dynamite exploded as Hale bent over it.

Hale died while ambulance attendants were carrying him down a mountainside.

Coroner O. R. Wood ruled the death accidental.

10 cases of beer, still cold. They presumed the beer, \$48 worth, had been stolen.

True Menace Lies Ahead, Johnson Says

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex.) said today Russia's lead in missile production is "only a symbol of an even graver danger" that the United States may fall behind in weapons of the future.

It is quite possible, he said, that by the time the intercontinental ballistic missile is fully developed "it will be fully obsolete."

"We must, of course, catch up with Russia in missile developments," he said.

"But catching up in this field alone is not enough to safeguard our security. We must raise our level of technology to the point where we are not only ready to meet the Soviets on any ground but to get there first."

Three prominent scientists told the Johnson's Senate subcommittee the United States is lagging far behind Russia in the training of scientists and technological experts. The three, Dr. Edward Teller, Dr. Vannevar Bush and Dr. John Chipman, agreed that it is imperative for this country to speed up its missile production.

After hearing their testimony, Sen. Saltonstall (R-Mass.) said he felt the American missile and satellite programs ought to be placed on an overtime basis "where that is at all practical."

He plugged for coordination of the missile program in the Defense Department. He said it would be a mistake to set up a separate organization.

Teller said he thinks the sharing of knowledge between U. S. agencies engaged in the missile program has been "less than complete."

He said also he thinks there should be a greater exchange of information between this country and its European allies.

Sen. Symington (D-Mo.) said it would be "several years to come" before the United States would have the intercontinental ballistic missile. He asked Teller if this country wouldn't have to depend heavily on manned bombers.

Agreeing, Teller said even after the ICBM is in operation, there will be a place for manned bombers.

"The rocket can hit a target," he said. "A manned bomber can find targets you perhaps don't know about."

Chipman, head of the metallurgy department at Massachusetts Institute of Technology, told of a visit to Russia last June.

He said Russian institutes were graduating 4,500 metallurgists a year, compared with 650 in this country. He said Russian graduate students are paid about \$250 a month to attend the institutes.

Observe Freedom Of Press, Speech Today

This day of "Know Your America Week" is set aside to observe Freedom of the Press and Freedom of Speech and the theme for the day is "Our Rights and Responsibilities."

"Know Your America Week" is sponsored by the Sedalia Business and Professional Women's Club in cooperation with other local organizations and the All American Conference to Combat Communism. The first amendment to the Constitution states that "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

Otterville Wins 32-27 Over LaMonte

The Otterville High School swept a double basketball victory over LaMonte Saturday night, the varsity team winning 32-27 and the "B" squad winning 32-27 in non conference games.

In the varsity game, Otterville jumped into the lead in the first quarter by outscoring the Vikings 15-13 and stretched their lead to 10 points in the second period by scoring 14 points and holding their opponents to 7 for a halftime score of 30-20.

In the third stanza, LaMonte took command to outscore the winners 18-16 and continued their attempt for a winning drive in the fourth quarter by scoring 15 to 14 for Otterville but fell short of victory for a final score of 60-53 with Otterville on the winning end.

Paul Watring spearheaded Otterville's drive with 13 field goals and 4 free throws for 30 points, followed by Clyde Paul with 8 field goals for 16 points. Burke led LaMonte's attack with 4.7 for 15 points followed closely by Finke with 6.2 for 14 tallies.

In the "B" game, it was Otterville's first half domination that proved the winning margin. They outscored LaMonte 3-0 in the first quarter and 13-3 in the second. LaMonte then took over to outscore Otterville 6-4 in the third period and 16-5 in the last stanza for a final score of 32-27 in Otterville's favor.

Steve Potter led Otterville with 14 points and Bosley was high for LaMonte with 12.

Since Otterville has only girls basketball and LaMonte has girls volleyball, the ladies decided on a game of volleyball as a "practice" session. LaMonte's "B" team did all the work in scoring a 58-7 victory over LaMonte's girls.

"A" game score by quarters:

Disclose Cardinal Offers to Giants To Get Willie Mays

ST. LOUIS (AP)—It comes out now that the St. Louis Cardinals offered \$750,000 and several players last June for Willie Mays.

The Globe-Democrat told the story today and Horace Stoneham, owner of the San Francisco Giants, confirmed it in San Francisco.

"We made four offers for Mays, one totaling a million dollars," the Globe-Democrat quoted Frank Lane, who was general manager of the Cardinals until he resigned last week and became general manager at Cleveland.

One of the Cardinal players involved reportedly was outfielder Wally Moon.

Lane said as he recalled it the Giants turned down the deal because they were in the midst of negotiating their transfer from

Mrs. Charles Dilley Wins First Place In 'Pick the Winners'

Mrs. Charles Dilley, 316 West Broadway, won first place in the "Pick-the-Winners" Football Contest which appeared in The Democrat and Capital last week. Stephen Roucka, 1410 South won the second place award, and Stevie Welch, 912 South Ohio, was the third place winner.

Mat Thrills Are Promised For Tonight

The wrestling card for tonight at the Armory looms as the best match presented thus far this season and the great possibility of the Tag Team Title changing hands is causing quite a stir. With the return of Mat favorite Ronnie Etchison and Larry Hamilton to the local scene, there is not doubt that the Champions Joe and Ernie Dusek will have their hands full.

The Duseks have had their own way for quite a long time in Tag Matches, due to the fact that they operate as a team almost every night that they wrestle. Their team work is almost perfect and being brothers eliminates a lot of argument between them. In the case of Hamilton and Etchison however, both men have been teaming up for the opast three months and have their strategy down to a fine point of cooperation and with youth on their side, the Missouri boys should bring home the bacon.

Over the past months both Larry and Ronnie have been appearing in the big cities of the Eastern Seaboard and appeared at Madison Square Garden in some of the biggest houses ever drawn at a wrestling match. With a two out of three fall, one hour time limit match to prove their ability, this young clever team may have just what it takes to trip the Duseks and win the title.

Doc Lee Grable returns after quite a long absence to meet Bill "Red" McIntyre, who was sidelined a month ago after sustaining an injury in a match with Rip Hawk. Red has been taking it easy so to speak but now feels he is ready to climb the ladder up to the top again. Grable, although a bit on the rugged side, keeps rather close to the rules and a classic contest between these two clever mat stars should be pleasing to the Sedalia fans.

The opening event, a match between Larry Hamilton and Ernie Dusek could prove more than a wrestling match and end up in a brawl, due to the exceptional friction between these two men who have directly opposite styles. Dusek some few years ago when Hamilton was a beginner in the ranks, cut open Larry's eye and Larry has never forgotten it. This bout has a 20 minute time limit or will take one fall to win.

To Hold Homecoming

LEXINGTON, Mo. (AP)—Wentworth Military Academy will observe its homecoming celebration in a football game with Kemper Military School here Thursday. It will be the 48th football clash between the two schools.

Kemper, which hasn't won this one since 1948, is favored although neither team has a sensational season record.

New York to San Francisco and they feared a bad reaction from fans on the coast if they traded Willie off and then made the move.

Bufs Swipe Some Honors From Sooners

By THE ASSOCIATED PRESS

While Oklahoma's Big Eight Conference opponents have yet to defeat a Bud Wilkinson squad, Colorado did succeed this year in grabbing conference statistical honors from the Sooners.

Dal Ward's Golden Buffaloes averaged better than 415 yards a game while posting a 6-3-1 record and compiling a total offense of 4,152 yards.

Rushing accounted for 3,224 yards of that total and gave the Bufs a running average of 322. Oklahoma has a total offense of 3,060 yards for nine games. The Sooners finish the season Saturday at Norman against their intrastate rival, Oklahoma State.

Bob Stransky, an All-Big Eight Conference back from Colorado, captured individual rushing honors with 1,079 yards for an average of 5.9 yards on 183 carries.

Stransky also finished the season as the leading conference scorer with 77 points on 12 touchdowns and 5 conversions. Dwight Nichols of Iowa State, another All-Big Eight back, also won individual honors in two departments.

Nichols topped the league's passers with 50 completions on 100 attempts for 751 yards. The sophomore Cyclone tailback rushed for another 666 yards on 211 carries to give him the total offense title with 1,419 yards.

VMI and Tech Game May Decide Title Winner

ROANOKE, Va. (AP)—They'll be playing for more than tradition here Thursday when Virginia Tech meets Virginia Military Institute in football's "Military Classic of the South."

This 53rd meeting between Virginia's two old rivals was supposed to be the clincher for Tech's fourth consecutive state title and perhaps the game that would give the Techman a chance to replace West Virginia as Southern Conference champ.

Instead, it's the big game for VMI—with the Keydets' first unbeaten season since 1920, the conference championship and a bowl bid riding on the outcome.

VMI, the state title already in the bag, has suffered nothing worse than a 21-21 tie with Holy Cross through nine games this season. An impressive victory over Tech could push the Keydets into the Tangerine Bowl opposite Mississippi Southern at Orlando, Fla., New Year's Day.

Sedalian Brings Down Deer With An Arrow

JEFFERSON CITY (AP)—Fifty-one deer have fallen to Missouri archers with six more days of hunting to go before the 61-day season ends Saturday.

Latest successful bow hunter to report to the State Conservation Commission was Roy Young of Sedalia. He downed a 125-pound doe Saturday near the southwest corner of the Knob Noster refuge in Johnson County.

Chances For Major Deal Appear Slim

BOSTON (AP)—Boston General Manager Joe Cronin says Ted Williams and Frank Malzone are the only Red Sox "untouchables" but that chances for a major deal at the annual winter meetings appear slim.

"The only players we wouldn't trade are Williams and Malzone," Cronin said yesterday. "We'd trade anybody else if we could get full value received — if we could get players whom we feel would help us more than the ones we now have."

The Boston front office boss admitted that the Sox had attempted to acquire Billy Martin, recently traded by Kansas City to Detroit in a 13-player deal. However, he said, another Kansas City player—probably Gus Zernial—was involved.

"In our opinion, we made Kansas City a better offer than Detroit did," Cronin said. "But in the opinion of the Kansas City people, they thought that the Detroit offer was better."

Cronin refused to disclose the Boston offer to Kansas City. Cronin's statement that Williams, a 39-year-old veteran who hit .388 last season, is not on the block comes as no surprise.

However, baseball observers immediately thought of pitchers Frank Sullivan and outfielders Jackie Jensen and Jimmy Pier-sall when Malzone was named the other "untouchable." Malzone failed to stick with the club in

Alex Miteff Wins on TKO

NEW YORK (AP)—"D-Day" can't come soon enough for Alex Miteff. In the case of the strapping Argentine heavyweight, the "D" means DeJohn, first name Mike. There was talk today of a return fight between Miteff and DeJohn for Miami in February following Alex's third round technical knockout of pudgy, ring-rusty Tony Gagliardo at St. Nicholas Arena last night.

DeJohn is the tall Syracuse, N. Y., heavyweight who handed Alex his only pro defeat by knocking him out in 77 seconds at Syracuse last Oct. 9.

The 6-2 Argentine may get his return with big Mike providing he gets by his next two opponents, possibly Crowe Peele of Baton Rouge at St. Nicholas Dec. 9 and hulking Nino Valdes in Denver, Jan. 7.

Few Women Know the Way To Give Party

By DOROTHY ROE
AP Women's Editor
It's fun to give a party, but few women know how, says Nata Lee, who has made parties her business for the last 20 years. "The most common mistake of hostesses," she says, "is getting too ambitious in planning a party. They are likely to get so involved in working out elaborate food that they haven't time to give proper thought to the guest list or even to clean up the house." Nata believes even the simplest dinner party for a half-dozen friends should be planned with

care, and that it's just as important to plan good food as it is to produce good food. "Whom to invite is your first problem," she says. "To have a successful party, you must bring together guests who will have some interests in common, who will produce stimulating conversation and won't be at sword's point before the evening is over. Then look over the room for your party, and never invite more people than can be seated comfortably in that room. Consider your service. If you haven't a staff, don't try to have a formal

sit-down dinner for more than six people. Plan your table setting, and if it's a buffet dinner, be sure to have enough tables for your guests—don't make them balance plates on their laps. "With the disappearance of big household staffs and the resulting changes in our way of living, the informal buffet is the most graceful way to entertain these days. Don't try to serve too many different kinds of things, and don't make the things you do serve so fancied up with decorations that people don't know what they're eating."

Regional Library Notes

New Monthly Film Package To Be Available for Loan

Beginning Thursday, Nov. 27, the Boonslick Regional Library will have a new monthly package of films available for loan to community and civic groups. The films are in black and white or color and vary in length from 11 minutes to 27. Two films pertain to famous historical figures, "Andrew Jackson" re-enacts important episodes in the life of America's seventh president, and "William Shakespeare" contains much information on the English places of the writer's time. Also presented are brief selections from some of his most studied plays. "Meet Manitoba" and "Panama" are travel films showing the beauties of the Canadian province and the Central American country. Three films depicting historical stages in our country and world are "Colonial Life in the South," "Pioneers of the Plains," and "The Medieval Crusades." For children are "Animals in the Spring," a good science film for use in the middle grades, nature study and scout troops, "Snowman in July," the story of a snowman who magically comes alive, and "Live and Learn," a safety film which teaches children that the worst accidents happen at home and at play and can be avoided by taking time to think. "Freezing Fruits and Vegetables at Home" shows in detail how these foods are easily and quickly prepared and packaged for freezing.

NEAR everything in the heart of Kansas City every room air conditioned the year around, with free radio and running ice water—all at no extra charge!

Prowler in Store Killed by Police; Is Owner's Brother

CHICAGO (AP)—In the darkness of the night James and Lorraine Reynolds grew frightened at the strange sounds in their suburban Chicago Heights music store and called police.

The police spotted the prowler early today and shot and killed him.

Mrs. Reynolds became hysterical when she saw the body. It was her brother Richard Paske, 27, a construction worker.

Police reported that the Reynolds, who have an apartment above the music store, were awakened by strange sounds in the store and went outdoors where they stopped a private watchman, Lawrence Burgess, 27.

Burgess notified Chicago Heights police and then entered the store, where he was slugged and shot in the forearm. Police arrived at this time and cornered the prowler in a stockroom. Demands that he surrender brought no response. Policeman Donald Share said he saw a shadow and started firing his submachinegun, fatally wounding Paske.

First game of organized baseball between two nine-man teams was played at Hoboken, N. J., on June 18, 1846.

Youth Decides Will Unnecessary After Successful Surgery

DENVER (AP)—"I won't be needing this anymore," 13-year-old Jerry Mourer said yesterday "as he tore up his will."

The son of a Grand Junction, Colo., widow successfully underwent a critical deep-freeze operation for aortic stenosis, a narrowing of the valve leading from the heart to the aorta.

Although Jerry was chipper during the operation, this message was discovered scrawled in ink on his toy car back home:

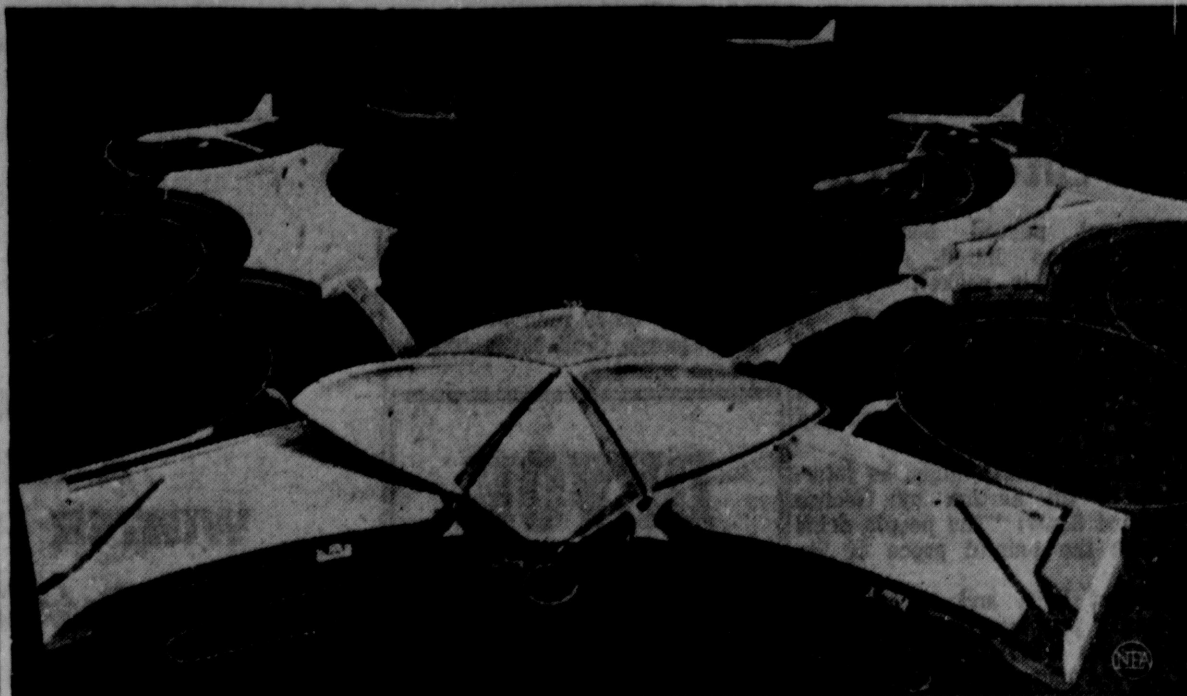

"Dear mom: 'I want to give my guns and toys to Jimmy Hixon, and don't give them to anybody else. Mom, give my bebe gun to Rory and Ray Kipp, and give my leather jacket to Jimmy Hixon. Love, Jerry Theo Mourer.'"

When he walked from National Jewish Hospital, Jerry said he guessed now he'd keep his belongings himself.

Judge Sentences Man To Weekend Jail Term

MEADVILLE, Pa. (AP)—Sam A. McMillan, 57, of Meadville, won't have to worry about drinking on weekends for at least the next 10 weeks.

When he pleaded guilty to a

JETPORT—Suggesting flight itself is this model of the new 12-million-dollar Trans-World Airlines passenger terminal to be built at New York International Airport. To be completed in 1960, the thin shell concrete structure will have a main waiting area in the center, with baggage and ticket areas located in the two wings. Glass-ceilinged passageways with moving sidewalks will speed travelers to the boarding areas at upper left and right where 14 jet airliners can be positioned. The terminal was designed by architect Eero Saarinen.

drunken driving charge in Crawford County Court yesterday, he told Judge Herbert A. Mook that he drinks only on weekends. He added that it would work a financial hardship on his family if he were sent to jail.

Judge Mook solved McMillan's drinking and financial problems. The judge told McMillan he may remain free on weekends but must serve the next 10 weekends in jail from 6:30 p.m. Fridays to 6:30 a.m. Mondays.

Fear Miners Dead

YAWATA, Japan (AP)—Eighteen miners were feared dead today after an accident at the Higashi Nakazuru coal mine near here.

Police said the wall of the mine gave way when dynamite was touched off and water flooded the level.

Police said 25 miners were working when the accident happened and seven escaped uninjured. Rescuers rushed to the scene.

THANKS, PAL!

16 Persons Died On Thanksgiving Holiday of 1956

Sixteen deaths in traffic accidents was the record set by Missouri motorists over the four day Thanksgiving holidays in both 1955 and 1956.

The needless sacrifice of human lives should not be the penalty we pay for celebrating the cherished day of Thanksgiving, Col. Hugh H. Waggoner said today.

"A review of the records for previous years," the Highway Patrol superintendent said, "would indicate that Missouri drivers are literally killing each other in their mad dash to get somewhere to celebrate Thanksgiving."

Col. Waggoner said that few people seem to realize the magnitude of the traffic problem as it concerns holiday travel.

There is an influx of thousands of automobiles on the highways beyond that of other days or weekends whose drivers are unfamiliar with the perils of open road motoring.

A strict adherence to traffic

Gets Sales Honor

Wally Wise of the Wise Business Machines Equipment Co., has joined the Underwood All Stars Club for the past year, qualifying through his sales record. He was one of 20 out of 506 sales agents to qualify.

Laws and regulations is a vital necessity at all times for safety when driving, but when the roads are crowded with holiday traffic the need for extreme caution is twice as evident.

The stark tragedy of the sixteen deaths recorded in 1955 and 1956 is for the most part contributed to human barbarism in the form of driver negligence, carelessness and discourtesy.

"The true spirit of Thanksgiving," Col. Waggoner said, "must manifest itself in our desire to live and let live. Our fervent hope this Thanksgiving season is that the number of lives lost needlessly in highway accidents will be cut to a minimum by every driver conducting himself in the manner the season suggests."

Hal Boyle's Column

Some Scientists Think Earth Existence May Be Shortened

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That if there is anything you have left undone you'd better hurry up and do it. Scientists used to think the earth would last another 50 billion years. Now some believe that wild explosions from the dying sun may crisp this planet within 3 to 10 billion years.

That a government survey found high school graduates earn an average of \$50,000 more than non-graduates during a working lifetime. That diploma is worth getting.

That Monique Van Vooren, Belgium, the definition of a honey-moon: "coo-existence."

That the original frozen food expert are the Laplanders, who milk half-wild reindeer and preserve the milk in frozen chunk all winter.

That if you doubt the U.S. Weather Bureau forecast, here are a on; low-flying wallow are a ureign of rain, the flight of eagull inland indicate a coming torm.

That one of the trouble even with the 1958-model car i that their back eat driver never run out of ga.

That Preident Eienhower may be intereted in a new golf hat deigned by Harry Rolnick, a Garland, Tex., manufacturer. It ha a built-in pocket that can hold three pare golf ball.

That by the time a fellow ha enough money to get married he usually celebrating hi 10th wedding anniversary.

That new crinkle-proof popcorn bag have been developed to foil movie cut-up. When blown up and mached, they don't make a them with water and drop them from the balcony—they won't hold water. Somebody always taking the fun out of being a teen-ager.

That an Eat Side drug tore ha thi ign over it weight machine: "cale wage till one cent." and a ign outside a Madion Avenue alon warn: "Hair today may be gone tomorrow."

That the fatet recorded flight of a bird i that of an Indian pecie of the wift. It wa clocked at nearly 200 mile an hour.

That the temperature of the earth increae about one degree for every 60 feet of depth. Dig down two mile and it i hot enough to boil an egg. Don't buy your bride a new tove; give her a pick and hovel.

That every day the rain and river weep eight million ton of earth into the ea.

That comic George de Witt tell the illy about the poppa cloud

who got peeved because the mama cloud intied on going through hi air pocket.

That it i an old cutom for Britih royalty to ue the title "Earl of Cheter" when traveling incognito. Even Queen Victoria of Cheter" when he vacationed privately.

That the WCTU might be intereted in thi aertion by George Bernard Shaw: "The people drink to eae the painful proce of living."

But did you ever ee a hoe hine boy with neatly polished hoe?

That a nameake for every U.S. preident i listed in the New York City phone book.

That one-third of the accident that befall a modern huband happen while he i working on home. And one half the minor accident that befall the lady of the house occur while he i in the kitchen.

That i wa the poet Dante who observed: "In hi will i our peace."

No variety of cedar is found in the United States.

PHILLIPS PETROLEUM COMPANY

The car that filled the world with excitement

The first car in history ever to make a round-the-world tour before its premiere, the 58 Ford was proved and approved around the world! Not content with ordinary trials, Ford engineers decided to use the entire world as a test track. Over snow-banked mountain passes, across burning deserts, through monsoon mud, down superhighways . . . Ford proved it goes first in any going!

Ford's dramatically new styling won the praise of fashion-wise people everywhere—From its new Honeycombed grille and Power-Flow hood to the Slipstream roof and Sculptured rear deck . . . Ford sets a new style in steel.

The new Interceptor V-8 shrunk the miles around the world. Ford's new Interceptor V-8 with Precision Fuel Induction represents the greatest advance in V-8 design since the original Ford V-8, and teamed with new Cruise-O-Matic Drive that uses a gas-saving rear axle ratio, you get "built-in" overdrive economy—with gas savings up to 15% on every mile you drive.

There's nothing smoother in the whole ride world. New Ford-Aire suspension* gives you the luxury ride—floats you on air with four air "pillows" that literally soak up any sign of a bump—keeps your car level regardless of how it's loaded. Action Test it today!

Proved and approved around the world
